

**Memorandum of Understanding
Between
Amalgamated Transit Union, Division 1563
And
School District No. 1
Denver Public Schools**

The representatives of The Amalgamated Transit Union (ATU) and the District (DPS) agree to the following:

As a result of 2009/2010 salary negotiations, the monies allocated to ATU by the District will be applied accordingly:

All ATU employees who are actively employed on 12/31/09 will receive a one-time payment equivalent to 2.14% of their annual salary. The union has elected to roll the 2% allotted for the benefit allowance into the one-time payment, increasing the one-time payment from 2% to 2.14. In addition, all eligible employees will receive a normal step increase on 7/1/09 (retroactive); 9/1/09 for part-timers.

The State has informed the School District that 1.93% of the CPI money provided to the District for 2009-2010 should be held until January 29, 2010 for potential reclamation by the state. Bargaining unit members will also be eligible for an additional 1.93% one-time payment to be applied against the employee's annual salary and benefit allowance in June of 2010 provided the District receives the corresponding funds from the State of Colorado.
