STATEMENT OF BELIEFS

The Board and the Association share the belief that providing a high quality education for the children of Denver is the paramount objective of the District. Both parties affirm that the educational program should be sensitive to the needs and aspirations of children, regardless of race, color, ethnic background, creed or economic status. This is reflected in the mission statements adopted by the Denver Classroom Teachers Association and the Denver Public Schools.

The mission of the Denver Public Schools, the center of Community learning, is to guarantee that our children and youth acquire knowledge, skills, and values to become self-sufficient citizens by providing personalized learning experiences for all students in innovative partnerships with all segments of the Community. Community involvement is critical to the success of our schools. The goals of the District are established by the Board of Education with input from the Community. Each school site will be required to form a Collaborative School Committee (CSC).

The Denver Classroom Teachers Association (DCTA) is a professional organization of recognized educational leaders. We advocate for the rights and responsibilities of all educators, and for an ethical system of quality public education for all students.

Quality teaching and high teacher morale promote positive learning environments for students. Attaining the educational goals of the Denver Public Schools requires mutual understanding and cooperation between the Board and the Association. To this end, good-faith negotiations between the Board and the Association with a free and open exchange of views are desirable.

In negotiating this Agreement, the Board and the Association, with the concurrence of the Community, have three major goals for joint school reform efforts:

- Greater success for all students as reflected in higher achievement.
- A significantly higher completion rate that moves the District toward its goal of graduating all students from the K-12 educational program.
- An improvement in the Community's level of confidence that the Denver Public Schools, as an institution, provides effective education for all students.

FRAMEWORK FOR PARTNERSHIP

It is in the interest of both the District and the Association that the terms of the Agreement be understood and enforced. The Agreement between the District and the Association is typically referred to as the teachers' contract. In some quarters, this reference implies that the Agreement is solely for the benefit of the teachers and minimizes the benefits that result to the District through the Agreement.

Enforcement of and compliance with the Agreement is essential. However, both parties have a greater interest in developing a joint ownership and commitment in terms of both the letter and spirit of the Agreement. The Agreement will become essential to furthering the desired partnership between the District and the Association. The District and the Association recognize their collective responsibility to promote positive change in the Denver Public Schools in an effort to promote education reform to benefit all students and to ensure professional collaboration between the District and the Association. Following is a systemic framework for improving the enforcement of the Agreement while laying a foundation for joint ownership and a greater commitment to living under the terms of the Agreement.

- Interest-Based Bargaining. Our use of Interest-Based Bargaining will contribute to the joint ownership, enforcement and commitment of the resulting Agreement. We are aware of our efforts and the environment that it is creating for a strong partnership relationship. We recommend utilizing an Interest-Based approach for problem solving and decision making in all areas of the District.
- The Agreement. The Agreement reflects the core beliefs and values of the District and the Association. It utilizes clear and unambiguous language to describe the procedures all teachers and administrators will follow. In doing so, we will improve our success in increased learning for all students and closing the achievement gap.
- Training. We recognize the need for regular training jointly with administrators and teachers in this Agreement. The training should focus not just on the rules, but also emphasize problem-solving skills and relationship building.
- Organizational Structure. Organizations in the District have an explicit role in supporting and promoting the enforcement of and commitment to the Agreement. The Board and the Association governance bodies understand the importance of their roles, encouraging everyone in the District to respect the terms of the Agreement and use it as a tool to jointly resolve legitimate differences.
- Communications. A formal communications strategy will be developed to share and explain information about this Agreement.

STANDARDS FOR BEHAVIORS IN OUR PARTNERSHIP

In an effort to foster and support a greater commitment in terms of both the letter and spirit of the Agreement, the District and Association offer the following partnership guidelines. These guidelines suggest ways that will support positive change within Denver Public Schools in our efforts to resolve educational issues and to promote positive change to the benefit of all students.

In addition, these guidelines offer additional techniques to ensure more effective collaborative problem solving between the District and the Association. It is important that we all make a concerted effort to utilize an Interest-Based approach for problem solving and decision-making in all areas of the District.

These guidelines can be applied at the District level, in the school building, and in one-on-one situations. Our collective ability to successfully use this approach will contribute to and enhance a positive school and District climate.

Practical Guidelines.

Use an Interest-Based approach to problem solving. Agree on what needs to be worked on.

- Jointly launch the initiative together.
- Take on issues honestly and openly – not based on who has the power.
- Focus on an outcome(s) that will advance the educational goals of the District.
- Have clear timelines and deliverables.
- Respect the views of all parties and their right and responsibility to express these views.
 - Contribute the best you have to work on the problem.
 - Recognize you may see things from different perspectives.
 - Disagree without being disagreeable.
 - Recognize each other's roles as a representative of another constituent group.
- Jointly validate information received.
 - Gather necessary information before making a decision.
 - Gather expertise from both within and outside of the District.
- Jointly communicate in an appropriate and timely manner.
 - Have an in-depth communications plan.
 - Communicate progress and final results.
 - Give the same answers together as partners.
 - Give each other a heads up – don't blindside.
 - Assume the best of the other party, not the worst.
- Learn from your mistakes.

Build in processes for evaluation and feedback.

Article 5 – Educator Voice, Joint Activities, and Leadership Teams

5-1 Guiding Principles.

5-1-1 Implementation of the District’s instructional program is complex and best accomplished when there is mutual respect among a school’s leadership and teachers with a joint commitment to problem solving. Such an atmosphere in no way diminishes the authority of the school leadership or the professionalism of educators.

5-1-2 The Board of Education is vested with the authority to establish the District’s curriculum and instructional program.

5-1-3 For teachers, a variety of relevant and tailored professional growth activities is most likely to improve instruction, including individual time for reflection, participation in grade level/subject area/vertical teams, whole school professional development, working with the educator leaders, and participation in professional learning communities. A staff development plan shall take into account the differentiated needs of educators based on experience, education, skills, and student needs. A variety of activities developed in collaboration with educators shall be included in the plan.

5-1-4 Teamwork among educators and with the school leadership is an important component for improving achievement. Educators shall have a significant role in identifying, developing, and implementing the instructional program consistent with Colorado State Standards and/or Common Core State Standards and their professional judgment. Differentiated instructional supports may be provided in order to develop foundational skills and bridge the gap to grade-level competency.

5-1-5 A positive school climate is also an important component of improving student achievement. A positive school climate is created through a collaborative working relationship between school leaders, educators, parents, and community members.

5-2 Educator Committees.

5-2-1 The Superintendent or designee(s) and the Association may mutually agree to form teacher committees to address issues of significance that impact teachers' salaries, wages, hours, and conditions of employment.

5-2-2 The following committees have been formed to work toward that end:

- Agreement Review Committee – Articles 6, 7, and 11.
- Advisory District Personnel Performance Evaluation Council – Article 10
- Interim Negotiations – Article 6
- Benefits Board – Articles 21 and 28
- Instructional Issues Council – Article 5
- Collaborative School Committees
- Personnel Committees – Article 13
- School Leadership Teams – Article 5
- Instructional Leadership Teams - Article 5
- LEAP Collaboration Committee – Article 10
- SSP GPS Collaboration Committee - Article 10
- ESS Collaborative Committee - Article 5
- Collaborative Equity Committee - Article 31
- Any additional committees may be formed as needed.

5-3 **Instructional Issues Council.**

5-3-1 The District and the Association shall establish a District-wide Instructional Issues Council (the Council) to collaborate, review, and problem solve through an open and honest dialogue, in order to make recommendations by consensus, where appropriate, regarding the planning, implementation and ongoing improvement of the District's existing and proposed curriculum, instructional programs, and assessment tools, including professional development. The Council shall be co-chaired by an educator, appointed by the Association President, and a designee of the Superintendent.

5-3-2 Impact on Student Achievement and Educator Time.

When considering a recommended course of action, the Council will consider the impact of the proposed initiative on the:

- Estimated potential for improving student achievement; and
- Educators' time to teach and work week.

5-3-3 The Council shall operate based on the guidelines below:

- a. The Council shall have a facilitator, if a source of funding other than the District or Association can be identified.

- b. The Council shall be composed of a minimum of 3 and a maximum of 6 educators appointed by the Association President and a minimum of 3 and maximum of 6 designees appointed by the Superintendent. Both parties shall appoint an equal number of members to the Council.
- c. The Council shall meet when there is a District-wide issue that at least one (1) of the co-chairs believes is necessary for the Council's discussion and review. The co-chairs for the Association and the District shall provide notice to the Deputy Superintendent and the DCTA president when the Council would like to convene and on what topic(s). After convening, the Council shall determine by consensus how frequently and how long the group needs to meet in order to address the issue(s) presented.
- d. Participation on the Council shall take place during time outside of the educator work day. This time shall be compensated at the extra duty rate.
- e. After coming to consensus on a recommendation, the Council will meet with the Deputy Superintendent and DCTA President in order to share any recommendations.

5-4 **Access to Principal Supervisors.** Principal Supervisors will get input from school-based educators on issues relevant to their assigned schools such as the implementation of the instructional program, school climate, and/or professional development. For example, Principal Supervisors can get this input by communicating with school-based educators, meeting with schools' SLTs, by joining faculty meetings, and/or by speaking with the Association leadership. Principal Supervisors shall meet and confer with Association leadership if requested by the Association.

5-5 **School Leadership Team.**

5-5-1 Each school will have a School Leadership Team (SLT) consisting of the principal, the association representative, an educator appointed by the principal, and a minimum of three (3) educator representatives who should represent a cross section of the faculty including grade levels, specials, department chairs and special service providers. These (SLT) members are elected annually by a majority of the faculty voting by secret ballot. The SLT will seek to operate in an environment marked by mutual support and respect.

5-5-2 The SLT will strive to make decisions by consensus. A consensus is either a unanimous decision or a majority decision that the entire SLT, including the dissenters, will support. If consensus cannot be reached, the matter

shall be referred to the Instructional Superintendent who shall consult with the Association prior to making a decision. The Instructional Superintendent will review and consider any information provided by members of the SLT.

5-5-3 The SLT will meet regularly and their responsibilities shall include:

- a. Review data and collaborate in the development of the Unified Improvement Plans (or future equivalent);
- b. Review and collaborate on the design of the school's schedule, including but not limited to:
 - student schedule;
 - school-based educator schedule;
 - parent teacher conferences;
 - school-sponsored events;
 - The design of and schedule for the professional development plan within the 40 hour work week, e.g. use of "teal days" or equivalent. The SLT shall take into consideration other professional development and teacher obligations in scheduling this time;
 - Other operational and professional functions (eg. committee meetings, faculty/staff meetings, grade-level meetings, vertical team meetings, departmental meetings, planning with instructional personnel, data teams); and
 - Contingency plans for lack of substitute teachers in order to assure equitable impact and implementation.
 - Heat Related Closure or Early Release

If the temperature within a school without air conditioning or in which the air conditioning system is not functioning correctly rises to a degree that is unsafe to host in-person classes, principals will consult with their School Leadership Team (SLT) to determine whether conditions would warrant a recommendation for closure, early release or transition to temporary remote operation for a period of time. All schools must follow the District's Heat Mitigation procedures before moving forward with recommendations and implementation. Prior to making any

changes to the Heat Mitigation procedures document, the District will review such changes with DCTA.

In the case of school closure, early release or transition to temporary remote operation, a SLT's recommendation will be approved provided the recommendation is consistent with the District's Heat Mitigation procedures. Consistent with Article 5-5-2, if consensus on the recommendation cannot be reached, the Operational Service Director will consult with the Association prior to making a final recommendation. The heat mitigation procedures do not pertain to emergency school closing within Article 8-11 of collective bargaining agreement.

- c. Review and collaborate on the implementation of the instructional program as it specifically applies to classrooms and grades at the school including prioritizing and sequencing activities within the educator work week;
- d. Collaborate to identify strategies for increasing enrollment at the school;
- e. Collaborate to develop communication strategies for regularly reporting student progress to parents/families;
- f. Collaborate to implement best instructional practices;
- g. Plan to identify and reduce non-essential work requirements;
- h. Collaborate on the school-wide learning cycles and observation cycles for the year;
- i. Review and approve written proposals from a teacher requesting that he/she be permitted to substitute a planned Professional Development session with a proposed alternative because the planned session is not related to the teacher's content area (e.g. tabletop arrangement PD for the swimming teacher is not reasonably related); the SLT shall develop procedures regarding such requests; and
- j. Perform additional duties as outlined in Article 8.

5-5-4 Decisions may be made by the SLT to alter the length of the lunch period (Article 8-2) or Secondary Teaching Load (Article 8-5-1) only after conducting a confidential vote of the majority of the faculty. Changes will not be made to the length of the lunch period or secondary teaching load without a positive majority confidential vote of the faculty. Information about

such changes will be sent to the Principal Supervisor, DCTA representative, and the Human Resources Support Partner for tracking purposes.

5-6 Instructional Leadership Team.

5-6-1 Each school will have an Instructional Leadership Team (ILT) consisting of the principal, senior team leads (STL), team leads (TL) and other instructional leaders identified as critical to driving the instructional vision. The ILT is responsible for focusing on the implementation of the school-wide instructional cycle, including but not limited to:

- Drive instructional vision;
- Focus on improving instruction;
- Calibrate on observation, feedback, coaching;
- Professional learning designed in collaboration with the SLT.

ILT members should represent a cross section of the faculty including grade levels, specials, department chairs, and special service providers.

5-7-2 The DLT will be composed of

- the functional director and/or manager/supervisor;
- the department primary association representative;
- an educator appointed by the functional director and/or manager; and
- a minimum of three (3) representatives elected annually by secret ballot vote of the educators in the department.

5-7-3 The DLT will seek to operate in an environment marked by mutual support and respect. The DLT will make decisions utilizing a consensus model. A consensus decision is either unanimous or a majority decision that the entire DLT (including dissenters) will support. In the case that a consensus cannot be reached the matter shall be referred to the Executive Director of the Exceptional Student Services or designee, who shall consult with the Association prior to making a decision.

5-7-4 The role of the DLT will be to:

- Collaborate with Exceptional Student Services Leadership around identifying best practices of service delivery and addressing concerns around implementation of district, state, and federal requirements impacting workload in the respective functional area.
- Review and collaborate with Exceptional Student Services leadership around the processes for hiring, assignment, reassignment, transfer, and workload expectations including assignments less than five (5) days.
- DLTs will work on developing processes for a workload calculator to inform the ESS Collaborative Committee in its development of the ESS Manual and achieve workload benchmarks.
- DLTs may designate sub-committees to complete specialized work related to the group's responsibilities.
- Review and collaborate with Exceptional Student Services leadership regarding professional development plans for their respective functional area.

5-7-5 An Exceptional Student Services Collaborative Committee will meet at minimum on a quarterly basis to promote equity and collaboration in addressing universal issues impacting SSPs and Special Educators. This committee will be composed of ten (10) members. The District will appoint up to five (5) members, and DCTA will appoint up to five (5) members. Each party will ensure their appointees represent the different disciplines. The ESS Collaborative Committee will make decisions utilizing a consensus model. A consensus decision is either unanimous or a majority decision that the entire ESS Collaborative Committee (including dissenters) will support. In the case that a consensus cannot be reached the matter shall be referred to the Executive Director of the Exceptional Student

Services or designee, who shall consult with the Association prior to making a decision.

5-8 Any principal, Department Manager, SLT, ILT, or DLT member can request joint training conducted by HR and DCTA Staff on SLT/HLT procedures and distributed leadership. All new Principals and new Department Managers to the District or in their first position as a Principal or Department Manager shall receive training on SLT/ILT procedures and distributive leadership and the delineation of roles between the SLT, ILT and CSC.

5-8-1 Any educator member of the CSC, through consensus vote of the CSC, can request CSC training provided by the district regarding CSC purpose, procedures and the delineation of roles between the SLT, ILT, and CSC.

5-9 **The Agreement Review Committee (ARC)** has joint membership of the Association, including the DCTA Executive Director or designee, Uniserv Directors, and members of the Department of Human Resources. Either party may bring additional people as needed, with advance notification to the other party. The ARC is a forum for raising and reviewing issues associated with implementing the terms of this Agreement.

5-10 **School Redesigns, Restarts, Consolidation, and School Closures.**

5-10-4 A Program Change is a substantial change to the educational program at the school that has been approved by the Board of Education, the CSC, or both. Some or all of the teaching positions at a school approved for a Program Change may be reposted. If two candidates are equally qualified based on the considerations listed in Article 13-8-6 (criteria for Personnel Committee to consider), priority shall be given to existing faculty.

5-10-5 The treatment of personnel in schools subject to redesign, restart, consolidation or closure is described in Article 13.

5-10-6 The Association and the District affirm that:

- many internal and external factors contribute to a school's success;
- early intervention to improve achievement in a school that may be designated for redesign, restart or closure is in the best interests of the school's students, teachers, parents, Community and the District; and
- the decision to redesign, restart, consolidate or close a school is not meant to imply blame to any one party.

Toward that end, the District will continue to implement its Tiered Support Framework (or a future equivalent), a structure that proactively targets resources for the improvement of school performance.

5-10-7 Annually, the Superintendent (or designee) and the Association President shall meet, review, and provide input on the supports provided via the Tiered Support Framework (or its future equivalent).

- 6-2-8 During negotiations, the Board and the Association will present relevant data, exchange points of view, and make proposals and counter-proposals. Upon request of either party, the other will make available for inspection its records and data pertinent to the subject of negotiations.
- 6-2-9 Tentative agreements reached as a result of such negotiations will be reduced to writing and will have conditional written approval of both parties pending approval of the final Agreement. The final Agreement will be signed by the Board and Association. If changes in the tentative

agreements are necessary as a result of the Board's budget adoption process, the tentative agreement(s) that require(s) amendment will be subject to negotiation.

6-2-10 Such negotiations shall conclude no later than June 15th of the year the Agreement is scheduled to expire (or 60 days before expiration if the Agreement expires on a date other than August 31st), unless extended by mutual consent. If impasse is reached, the parties shall use the vehicle for resolution as provided under Article 6-2-11.

6-2-11 Impasse Resolution/Mediation.

6-2-11-1 Either party may declare an impasse. Then a mediator shall be selected with the following procedure. The parties should first make a good faith effort to agree on a mediator. If the parties cannot agree, the mediator shall be selected by the Federal Mediation and Conciliation Services (FMCS), if FMCS agrees to follow the laws of public bargaining. If FMCS does not agree to follow the laws of public bargaining, a mediator shall be selected with the assistance of the American Arbitration Association, according to the procedure of Article 7-3-5-2.

6-2-11-2 Any mediation efforts must be concluded by August 31, and will be conducted under rules determined by the mediator.

6-2-11-3 If mediation is unsuccessful and if both parties agree, the mediator may issue a written report to the parties explaining the matters still at issue.

6-2-11-4 The parties agree to share the cost of mediation equally.

6-3 Financial Agreement Negotiations.

6-3-1 While it is the intent of the parties that the economic provisions in this Agreement shall remain in full force and effect during its term, in order to comply with the provisions of the TABOR Amendment and § 22-32-110(5) C.R.S., the provisions of the Agreement relating to salaries and benefits may be reopened by the District in connection with its annual adoption of its budget.

6-3-2 As of the time they are made available to the Board, the Board will provide the Association with a Superintendent's proposed budget for the next fiscal year, as well as available preliminary budgetary information and any proposals affecting educators' salaries, wages, hours and conditions of employment.

- 6-3-3 Any agreement reached as a result of these negotiations should be reduced to a written Financial Agreement that can be for one-year or multi-year terms.
- 6-4 **Interim Negotiations.** This provision is not intended to allow for changing the language or the intent of the existing Agreement outside of the normal bargaining cycle when the Agreement is open for negotiation. From time to time, however, matters arise that the parties may need to address in a timely manner and when waiting until the next negotiations period is not practicable. Therefore, during the term of this Agreement and between regularly scheduled bargaining sessions, the parties may choose to engage in interim negotiations.
- 6-4-1 Such negotiations may be initiated by the Association with a request to the Superintendent or by the District with a request to the Association President. Following a discussion of the purpose of the requested negotiations, the Superintendent and Association President will decide if the matter will be addressed and what group of individuals will be given the responsibility for addressing the matter. There would be no commitment to a particular outcome. The matter could be referred to an existing body such as the Agreement Review Committee (ARC) or the Instructional Issues Council, or the Superintendent and Association President may agree to appoint a special committee to address the matter.
- 6-4-2 Generally, the matters to be addressed will be those substantive in nature and which impact the operation of the District and/or the operation of this Agreement.
- 6-4-3 If the District and the Association reach agreement on matters that are related to the interpretation of the Agreement or matters on which the Agreement is silent, the agreements will be memorialized in a Memorandum of Understanding, subject to the approval of the Representative Council of the Association and the Superintendent. If approved, the Memorandum will be binding on both parties but will be reviewed at the next formal bargaining session.
- 6-4-4 Matters that change existing provisions of the Agreement will be referred to the membership of the Association and the Board for ratification.

Article 7 - Grievance Procedure

7-1 Definitions.

- 7-1-1 A "grievance" shall mean a written complaint by an educator or educators in the negotiating unit that there has been a violation, a misinterpretation, or inequitable application of any of the provisions of this Agreement or of an administrative procedure, practice, or written personnel policy that affects educators.

7-1-2 Grievances regarding a violation, a misrepresentation, or inequitable application of this Agreement may go to Level Three, upon the request of the Association. Unless provided otherwise in this Agreement, grievances regarding administrative procedures, practices and written personnel policies that affect educators are grievable up to Level Two.

7-1-3 The term “grievance” shall not apply to any matter as to which (1) the method of review is prescribed by law, (2) the Board is without authority to act, or (3) a grievance is specifically prohibited or limited by the terms of this Agreement. As an example, the term “grievance” shall not apply to the dismissal of a non-probationary teacher, the review of which is prescribed by law.

7-1-4 An “aggrieved person” is an educator or educators asserting a grievance.

7-1-5 If, in the judgment of the Association, a grievance affects a group of educators in more than one (1) building, the Association may submit such grievance in writing directly to the Office of Talent (Human Resources), and the processing of such grievance may be commenced at Level Two.

7-2 **Purpose.** The purpose of this grievance procedure is to secure equitable solutions at the lowest possible administrative level to problems that may arise. To this end, grievance proceedings will be kept informal and confidential and both parties will work toward a resolution to avoid litigation.

7-3 **Procedure.** Since it is important that grievances be processed as rapidly as possible, the number of days indicated at each level is a maximum, and every effort should be made to expedite the process. The time limits specified may, however, be extended by mutual agreement. If a grievance is filed which might not be finally resolved at Level Three under the time limits set forth herein prior to the end of the school year, the time limits will be reduced so that the grievance procedure will be concluded prior to the end of the school year, or as soon thereafter as practicable.

Information. The Board agrees to make available to the aggrieved person and the aggrieved person’s representative, all pertinent information not privileged under law, in its possession or control, and which is relevant to the issues raised by the grievance. The Association agrees to make available to the Board and its representatives, all pertinent information not privileged under law in its possession or control, and which is relevant to the issue raised by the grievant.

Timing. No grievance shall be recognized by the District or the Association unless it is presented at Level One within fifteen (15) school days after the aggrieved person knew, or should have known, of the act or condition on which the grievance is based. However, if the Association determines that a grievance affects a group of educators in more than one (1) building, the Association may submit an Association grievance

in writing at Level Two. An Association grievance shall not be recognized at Level Two unless it is filed with the Department of Human Resources within at least twenty (20) school days after the act or condition upon which it is based occurred. Grievances not timely presented will be considered as waived.

7-3-1 Level One. A grievance first will be discussed with the aggrieved person's principal or supervisor to attempt to resolve the matter informally, at which time the aggrieved person (1) may discuss the grievance personally, (2) may be accompanied by the Association's Representative, or (3) may request that the Association's Representative act on behalf of the aggrieved person. If the Association believes that the principal or immediate supervisor is not best suited to resolve the matter informally, the Association may discuss the grievance with the Executive Director of Labor and Employee Relations who will provide the Association with the individual best suited to resolve the matter informally.

7-3-1-1 If a staff member of the Association accompanies the aggrieved person or acts on behalf of the aggrieved person, a Talent (Human Resource) representative may attend the Level One meeting. If a Talent (Human Resource) member is present the grievant can reschedule the meeting in order to have an association staff member attend as well. Upon request for the informal conference, the aggrieved person shall inform the principal or immediate supervisor of the specific articles of concern and that the informal conference is intended to serve as a Level One grievance. No written documentation of the grievance or administrative response will be required if the grievance is settled at Level One.

7-3-2 If the aggrieved person is not satisfied with the results of the informal conference, the aggrieved person may then file a grievance in writing using the Grievance Disposition Form with the principal or supervisor within seven (7) school days. The grievance must refer to the specific Articles of the Agreement and explain how they were violated and indicate the reason why the Level One decision is unsatisfactory. The principal and the grievant shall sign the Grievance Disposition Form. The principal shall also have the opportunity to provide comments related to the Level One process on the Grievance Disposition Form. No additions to this form may be made after it has been signed by the grievant and the principal, unless new agreement articles, administrative procedures, practices and written personnel policies that have been identified after information from the aggrieved party has been requested. The principal or supervisor may request an informal conference with the grievant to discuss additions to the form. If an additional meeting is not requested within three (3) school days, the grievance form shall be amended and presented to all parties at the Level Two conference. The disposition form must be submitted to the District within ten (10) days of the Level One grievance decision. The grievant shall send a copy of the

Grievance Disposition Form to the Office of Talent (Human Resources) and the Association. The Office of Talent (Human Resources) will assign a tracking number to the grievance and distribute copies of the Grievance Disposition Form to the Principal Supervisor and the UniServ Director. All known documentation related to the grievance must be provided prior to the Level Two meeting.

- 7-3-3 Level Two. The Talent (Human Resources) designee or Principal Supervisor will go to the school with the appropriate Association Representative and meet with the educator and principal or immediate supervisor to attempt to facilitate a resolution. Such a meeting will take place within seven (7) school days after receipt of the written grievance by the Office of Talent (Human Resources). By mutual consent, the parties may conduct the meeting via electronic means including, but not limited, video-, virtual-, and tele-conferencing. If there is an agreed-upon resolution to the grievance at this meeting, the resolution will be documented in writing and signed by both parties. The grievance will be closed and no continuation of said grievance will be allowed. If no resolution is reached, a District Representative will be responsible for providing a Level Two response on the merits of the grievance within ten (10) school days from the Level Two meeting. The Level Two response will be forwarded to the principal (or immediate supervisor) and to the DCTA for dissemination to the grievant.
- 7-3-4 Upon request by the Association, grievances concerning an administrative transfer, Reduction in Building Staff (RIBS) or the recommendation by a principal for non-renewal of a probationary teacher shall be subjected to an expedited grievance procedure. The Level Two meeting will take place within seven (7) school days. Grievances concerning the recommendation by a principal for non-renewal of a probationary teacher will not be processed beyond Level Two. The Level Two decision must be submitted to the Association within ten (10) school days.
- 7-3-5 Level Three. If the aggrieved person is not satisfied with the disposition of the grievance at Level Two, the aggrieved person may request that the Association submit the grievance to either arbitration or mediation within ten (10) school days of the receipt of the Level Two decision. The Office of Talent (Human Resources) will be copied on such request. If the grievant wants to proceed with the Level Three and the Association deems the grievance meritorious, it may demand arbitration or request mediation within twenty-five (25) school days after the receipt of the aggrieved person's request. The arbitration demand/mediation request from the Association must be in writing and must indicate the reason the Level Two decision is unsatisfactory. The District will respond to the request for mediation within seven (7) school days.

- 7-3-5-1 Mediation. If the Association and District agree to mediation, a mediator shall be selected from a permanent panel of five (5) mediators jointly determined by the parties.
- 7-3-5-1-1 The mediator panel shall consist of mediators who are skilled in educational issues and shall be from the greater Denver Metropolitan area and shall include, but are not limited to, Federal Mediation and Conciliation Service and other mediation agencies.
- 7-3-5-1-2 A panel shall be selected and reviewed annually not later than July 1.
- 7-3-5-1-3 Unless otherwise agreed, the mediator shall be assigned based on a rotating system.
- 7-3-5-1-4 At the conclusion of the mediation process the parties will implement any action agreed to through the mediation process. If the mediation process is unsuccessful, the Association may demand Arbitration within seven (7) school days of the conclusion of mediation.
- 7-3-5-2 If the Association demands arbitration and the parties cannot agree on the choice of an arbitrator, the Association shall submit a request to the American Arbitration Association for a list of seven (7) arbitrators skilled in arbitration of educational issues, with a copy to the District. Within ten (10) school days of the receipt of a list, representatives of the Association and the District shall meet and alternately strike a name on the list. The last name remaining shall be appointed arbitrator.
- 7-3-5-2-1 Upon request by the Association, administrative transfer grievances shall be subject to expedited arbitration. If selected, applicable rules regarding expedited arbitration will be followed.
- 7-3-5-3 The arbitrator will have authority to hold hearings and make procedural rules.
- 7-3-5-4 All hearings held by the arbitrator shall be in closed sessions and no news releases shall be made concerning progress of the hearings.
- 7-3-5-5 A report will be issued within thirty (30) calendar days after the close of the hearing. The arbitrator shall have no power to add to, subtract from, disregard, alter, or modify, any of the terms of this Agreement.

- 7-3-5-6 The arbitrator's report shall be submitted in writing to the Board and the Association only, and shall set forth the arbitrator's findings of fact, reasoning, conclusions and recommendations on the issues submitted. The arbitrator's recommendations shall be consistent with law and with the terms of this Agreement. The arbitrator's report shall be advisory only, not binding on the Board or the Association.
- 7-3-5-7 Within seven (7) school days, after receiving the report of the arbitrator, the Board's designee and the Association's designee will meet to discuss the report and each designee will simultaneously notify the other on whether each intends to recommend to their respective Boards the acceptance or rejection of the Arbitrator's report. The Association will be given the opportunity to respond in writing to the Board concerning the arbitrator's recommendation. The Board will review and consider any response by the Association and shall accept or reject the report of the arbitrator not later than thirty (30) calendar days (not counting July) after receipt of the arbitrator's report. No public release may be made until after the next legislative meeting of the Board.
- 7-3-5-8 Within five (5) school days after receiving the Board's official action on the arbitrator's report, the Board's designee and the Association's designee will meet to discuss the action of the Board.
- 7-3-5-9 The costs for the services of the arbitrator or mediator, including per diem expenses, if any, plus actual and necessary travel and subsistence expenses, shall be shared equally by the District and Association. The party who cancels a scheduled arbitration will pay the full cost of any fees assessed by the arbitrator.
- 7-3-5-10 Any party may request an official stenographic record of the testimony at the hearings. The party requesting shall pay the costs. If the other party requests a copy of the record, it shall share the entire cost of making the stenographic record.
- 7-3-5-11 In appropriate cases, both parties may agree to follow the expedited rules and procedures of the American Arbitration Association in processing any grievance at Level Three, except that the Arbitrator shall always be chosen pursuant to Article 7-35-2.

7-4 Rights of Educators to Representation.

- 7-4-1 Neither the District nor any member of the Association shall take reprisals affecting the employment status of any educator, any party in interest, any Association Representative or any other participant in the grievance procedure by reason of such participation.

- 7-4-2 All educators who file a grievance shall do so with full knowledge and assurance that they will be represented solely by the Association and/or the Association's designee(s) at all levels and steps and proceedings of the grievance procedure, except that the aggrieved educator may decline representation at Level One.
- 7-4-2-1 No aggrieved educator may be represented by a representative or officer of any teacher organization other than the Association.
- 7-4-2-2 Level One representation will normally be provided by the Association's building-level Grievance Representative and/or Association Representative.
- 7-4-3 When Level Three hearings are held, all witnesses who are District employees shall be summoned by the Department of Human Resources. The Association and the District will mutually exchange written witness lists at least two (2) days in advance of the hearing.
- 7-5 **Miscellaneous.** If the time limits for processing a grievance are not met by the administrator responding to the grievance, the grievance may be moved to the next level at the request of the aggrieved, or upon request of the Association, the Superintendent or designee will review with the responding administrator the reason why the time limits were not met and any extenuating circumstances therefore. The Office of Talent (Human Resources) may take appropriate action on whether to grant the grievant's requested remedy based on its review of the situation.
- 7-5-1 All written and printed matters relating to grievances will be filed separately from the central office personnel files of the participants.
- 7-5-2 Necessary forms for filing, for serving notices, for making appeals, for making reports and recommendations and other necessary documents will be jointly prepared and distributed by the Office of Talent (Human Resources) and the Association.
- 7-5-3 In conducting arbitration cases, the Board will present all relevant material so that the arbitrator will have complete information upon which to base a decision. A copy of any information presented to the arbitrator will be provided to the aggrieved person.
- 7-5-4 When it is necessary at Level Two or Level Three for a representative(s) designated by the Association to attend a meeting or a hearing called by the Office of Talent (Human Resources) during the school day, the Office of Talent (Human Resources) shall notify the principal of such Association Representatives. The representatives will be released without loss of pay for such time as their attendance is required at such meeting or hearing. The

Association will cooperate with the District in minimizing interruption of the continuity of classroom instruction by scheduling witnesses and notifying the District as far in advance as possible of the need to provide substitutes for educators' release for such hearing.

7-5-5 The Agreement Review Committee shall monitor the number and types of grievances and the length of time such grievances take to be resolved.

Article 8 - Professional Standards

8-1 **Contract year.** The contract year shall be one hundred eighty-six (186) days. If an educator is required to extend their contract year and is continuing to do the work they performed during the contract year, they shall be paid at their regular scheduled rate per day. Regular scheduled rate per day is the educator's salary divided by the number of days in the contract year.

8-1-1 In addition to the one hundred eighty-six (186) days, newly hired educators may be required to attend pre-session orientation meetings and shall be paid in accordance with Article 28-2. New educators will be paid for orientation meetings on the next practical payday. Educators hired after the orientation process will be afforded comparable training opportunities to that offered during orientation.

8-1-2 Professional Learning Days/Parent Conference Day. Educators shall have ten and one-half (10.5) professional learning days and one (1) parent conference day per school year during non-student contact days. The District may schedule professional learning days in full or half-day increments. Non student contact days shall include the equivalent of four and one half (4.5) full self-directed teacher planning days to be distributed in meaningful increments, and three (3) full professional days to be directed by the principal or SSP department leader, three (3) centrally-offered professional days, one (1) of which will be equity focused, and one (1) parent conference day.

8-1-2-1 Schools may modify the daily schedule on the parent/teacher conference days to meet the needs of the Community.

8-1-2-2 The Association is entitled to have a liaison on the District Calendar Committee that determines the District school calendar each year.

8-1-2-3 The SLT shall create a schedule that provides educators with the time during school hours to grade school/grade level required assessments that require manual educators scoring.

8-1-3 There is an expectation that educators will attend beyond the contract year for professional development determined by the principal or District if:

- a. the program needs to be scheduled outside the contract year,
- b. no programs with required attendance will be scheduled for the last two weeks of June and the first two weeks of July,
- c. written notice is given ninety (90) days prior to the end of the school year,
- d. the educational reason is sound and the content is relevant,
- e. educators attending are paid in accordance with Article 28,
- f. adequate alternate opportunities to learn the content are provided.

8-1-3-1 Educators who cannot attend will need to discuss reasons with their school leader or applicable SSP department leader.

8-1-3-2 Schools may seek a waiver from this Agreement, as in Article 2-4-1, if the training cannot be scheduled during the week prior to or after the school year. In such cases attendance would be voluntary.

8-1-4 Evening Meetings. In addition to the 40 hour work week, each educator may be required to attend three (3) evening events approved by the SLT or DLT per school year, as part of the contracted time.

8-1-5 Special Conditions of Employment. Any special conditions regarding the assignment of any educator will be reduced to writing and become an addendum to the individual's initial employment contract with the District.

8-2 **Forty (40) Hour Work Week**. The work week shall be forty (40) hours and shall include:

8-2-1 Lunch Periods. There shall be a minimum standard forty-five (45) minute daily lunch prorated by the individual's full-time equivalency (FTE). Lunch shall be duty free.

8-2-2 The principal or applicable SSP department leader shall have authority to permit educators to diverge from the regular school day.

8-2-3 The District's scheduled student school contact day will not be extended without applying the due process of collective bargaining.

8-3 **Self-Directed Planning Time**

- 8-3-1 For Secondary Educators: Each secondary school educator shall receive a minimum of three-hundred-forty-five (345) minutes of self-directed instructional planning time per week. Within the three-hundred-forty-five-minutes per week, each teacher shall receive a minimum of forty (40) minutes of uninterrupted, self-directed instructional planning time per day scheduled during the student school contact day. If that is not possible, some of the uninterrupted block of forty (40) minutes may be scheduled outside the student contact day. Passing periods shall not be considered part of the 345 minutes per week. The ten minutes before and after the bell will not be counted toward this time unless the educator does not have students for the first or last period.
- 8-3-2 For Elementary/ECE/K-8 Educators: Each elementary/ECE/K-8 school educator shall receive a minimum of three hundred (300) minutes of self-directed instructional planning time per week. Within the three-hundred-minutes per week, each teacher shall receive a minimum of forty (40) minutes of uninterrupted, self-directed instructional planning time per day scheduled during the student school contact day. If that is not possible, some of the uninterrupted block of forty (40) minutes may be scheduled outside the student contact day. Classroom transitions shall not be considered part of the 300 minutes per week. The ten minutes before and after the bell will not be counted toward this time unless the educator does not have students for the first or last period.
- 8-3-3 The District recognizes the importance of having time for instructional planning. When feasible and appropriate, schools may extend the amount of planning time available, especially for elementary/ECE/K-8 school educators.
- 8-3-4 The parties recognize that in order to maximize student learning, educators need an opportunity to participate in meaningful, authentic, collaborative planning that enhances instruction and takes into account educators' individual pedagogical needs.
- 8-3-5 Educators whose annual contract is less than full-time shall have prorated instructional planning time according to their contracted rate.
- 8-4 **Multi-School Assignments.** When educators are assigned to more than one (1) school site, the principals at the schools involved shall collaborate on the scheduling of the workdays for those personnel. These educators shall be required to assume non-teaching duties only in their home school assignment. Every effort will be made to limit the amount of inter-school travel. Such educators shall be notified of any change in their schedules as soon as practicable. When school schedules do not align, the educator can request that the schools provide the educator with a written schedule that outlines the educator's forty-hour work week, individual planning times, professional development, and travel time. The educator will have the right to provide input on the development of the written schedule.

8-5 **Teaching Loads.** The range of teaching loads, number of preparations and number of pupil contacts required should provide for effective instruction and meaningful teacher-student interaction. DPS and the Association agree to work together to seek increased state funding to decrease class size.

The principal shall report to the CSC, after the roster verification process, the number of students in each class and this will be published in the CSC minutes on the school's website. For the purposes of this section, a "class" shall be defined as any general education, including electives and model one classes.

Upon request, after the roster verification process, the District shall provide the Association with the student information management system data regarding class enrollment.

8-5-1 Secondary Teaching Load. Unless altered by the SLT process, the normal teaching load for secondary school teachers shall be five (5) teaching periods per day, or the equivalent thereof if block scheduling is used. A teacher may request to teach a sixth period.

8-5-1-1 The maximum class size in grades six (6) through twelve (12) shall not exceed thirty-five (35) students. In no case shall a teacher have a total greater than 175 students per day unless an exception is provided for in Article 8-5-1-2.

For schools that include both elementary grades (ECE-5) and secondary grades (6-12) whose staffing model differs from the traditional elementary and secondary staffing model, such must be made known to all prospective applicants to the school during the posting and /or interview process.

8-5-1-2 For music and physical education classes, the SLT may annually set a higher daily class size limit for a single school year or semester after engaging in direct consultation with the affected teacher(s) and department chairperson(s). The criteria to be considered in deciding whether to increase the maximum class size limit must include safety of students and staff, adequacy of the facility and equipment, and the impact on the educational program in those classes. The SLT will specify which courses and sections will have the higher class size limits and the actual maximum number in each. All raised limits will expire at the end of each semester or school year as specified by the SLT. All decisions to increase maximum class size must be made no later than the time that schedules are set for the school each semester.

8-5-2 Elementary Teaching Load. The Board shall maintain its effort to retain the class size reduction which has been achieved in grades 1 and 2. The level of staffing to maintain such class size is dependent on availability of funding. When it is necessary to have class size exceed twenty-five (25) in primary elementary grades (K-3), the Board shall honor teachers' requests for qualified paraprofessional assistance according to the following schedule, and in grades four (4) and five (5). When class size exceeds twenty-seven (27), the following schedule will apply:

8-5-2-1 One (1) hour of paraprofessional assistance per day for one (1) to two (2) students over twenty-five (25).

8-5-2-2 Two (2) hours of paraprofessional assistance per day for three (3) to five (5) students over twenty-five (25).

8-5-2-3 Three (3) hours of paraprofessional assistance per day for six (6) to seven (7) students over twenty-five (25).

8-5-2-4 For grades K-5, in no event shall classes exceed thirty-five (35) students, unless the only solution is transferring students to other schools.

8-5-2-5 For half-day Model 1 classrooms, the maximum class size will be sixteen (16) students, inclusive of no more than six (6) students with IEPs, unless the only solution is transferring students to other schools.

8-5-3 If a teacher believes that the number of students assigned to that teacher is not consistent with sound educational practice, the teacher shall have the right, upon written request to the principal, with a copy to the Principal Supervisor, to schedule a conference with their principal regarding the matter. The principal will respond to the teacher's concern.

8-6 Department chairpersons in high schools shall be elected by the Department, subject to approval by the principal. Unless determined otherwise by the Collaborative School Committee (CSC), the term for department chairpersons shall be three (3) years. Department chairpersons shall not succeed themselves unless approved by the CSC.

8-6-1 Department chairpersons shall be provided time to fulfill the duties of that assignment as determined by the principal after consultation with the CSC.

8-7 Non-Teaching Duties. The District agrees to make every effort to reduce non teaching duties that do not best use a teacher's presence and skills, through the use of teacher aides.

- 8-7-1 Assignment of teachers to non-teaching duties not done by aides will be rotated so that no teachers will have the same assignment for more than four (4) consecutive semesters, unless the teacher agrees to such assignment. Reassignment to such non-teaching duty can only be after an interim of at least two (2) consecutive semesters.
- 8-7-2 Special educators' and specialized service providers' non-teaching duty time will be used solely for implementing the Individuals with Disabilities Education Act (IDEA) and Section 504 of the Rehabilitation Act of 1973 (Section 504) mandates. In addition, effective SY 2023-2024, special education teachers, specialized service providers, and school building 504 Coordinators (who are not special education teachers or SSPs) will have up to four (4) school days per semester of release time to work on IDEA and Section 504 compliance mandates. The release time can be taken in half or whole day increments. Specialized Service Providers and Special Education Teachers with multiple school assignments shall collaborate with the principals at the schools involved and team leads on scheduling release days.
- 8-7-3 Non-teaching duty time shall not reduce self-directed planning time as guaranteed in other sections of this Agreement.
- 8-7-4 Starting in the 2022-2023 school year, DPS and DCTA agreed to eliminate the HPI incentive. \$2,785,000 from the former HPI budget will be reallocated to create a centrally managed Specialized Service Provider and Special Education Pool of educators that will be utilized to support SSP and Special Education educators within the district in order to meet student identified IEP needs. Consistent with 5-7-5, the ESS Collaborative Committee shall determine the hiring, makeup, changes to makeup, assignment, transfer, reduction and workload expectations protocols of this centrally managed pool.
- 8-8 **Lesson Plans**. Teachers will maintain effective lesson plans related to the approved curriculum for use by the teacher in regular instruction and review by the administration, as well as specific, detailed lesson plans for use by substitute teachers.
- 8-8-1 Teachers and school leaders will discuss and agree upon the format of lesson plans.
- 8-8-2 The administrator can ask for lesson plans to be turned in for the purpose of improving instruction and will provide constructive and specific feedback to the teacher submitting the plans.
- 8-8-3 If the administrator has questions of the teacher regarding the lesson plan, then the administrator and the teacher will discuss the lesson plan and identify any next steps as necessary, which could potentially include coaching and/or professional development.

8-8-4 A teacher will only be responsible for lesson plans for the first five (5) days of any absence.

8-9 **Classroom Interruptions.** The District agrees that classroom interruptions diminish the time for instruction. The administrative staff and educators shall make every effort to avoid unnecessary interruptions during instructional periods.

8-10 **Class Coverage.** It is an administrative responsibility to cover all scheduled classes.

8-10-1 During the first month of each school year, the SLT, in consultation with the department chairs at the secondary level or grade level chairs at the elementary level, shall develop a written contingency plan for class coverage occasioned by a shortfall of substitute teachers. Individuals must possess the appropriate teaching credentials to be considered for class coverage. Such plan shall include the procedure for enabling teachers to invoke Article 28-6.

8-10-2 STL/TLs should not be solely relied upon for class coverage when there is a shortage of substitutes in a building. Contingency plans for lack of substitute teachers should prioritize the equitable impact and implementation of coaching and observation feedback cycles.

8-11 **Emergency School Closings.**

8-11-1 When weather conditions constitute a danger sufficient to require the closing of schools, the following procedure shall be followed:

- a. If the conditions exist prior to the normal school opening time, educators shall be notified, as early as possible, by public media or direct contact and shall not be required to report to work.
- b. If the conditions require closing during the school day, educators shall be dismissed as soon as possible after students are dismissed.

8-11-2 When weather conditions are such that schools will be open, but some professional staff or students are not able to attend because of the severity of conditions in their locale, the following procedure shall be followed:

- a. As soon as possible, educators affected shall notify the principal of their inability to attend school that day.
- b. Professional staff who cannot attend school because of weather conditions or other emergencies will have deducted from their personal leave, if available, or sick leave if personal leave is not available, the

day or days they were unable to attend their assignment. All educator absences under this Article are subject to review by the school building level administrator.

8-12 **Teacher-in-Charge.** If a teacher is placed in charge of a building during the absence of the principal, and when the principal's absence will be one-half day or longer, the teacher will be relieved from either the office or classroom assignment.

8-13 **Transportation of Students.** Educators shall not be required to transport pupils to activities, which take place away from the school building.

8-14 The Instructional Issues Council is charged with developing potential strategies to address issues raised in this Article. Annually, the Instructional Issues Council shall review district-wide class size data with the goal of developing strategies to address class size concerns.

8-15 Exceptional Student Service Workload.

8-15-1 The Exceptional Student Services Collaborative Committee ("ESS Collaborative Committee") will develop an annual Exceptional Student Services Guidance Manual ("ESS Manual") to outline workload considerations for special education teachers and for each SSP discipline, informed by each Department Leadership Team. The ESS Manual will outline processes for accountability, including how to address workload audits for individual educators. The purpose of this ESS Manual is to develop a consistent process to help determine recommended workload benchmarks across the district and individual schools.

8-15-2 In order to support a fair and consistent process across departments, the ESS Collaborative Committee will adopt a workload calculator with common data points across all SSP disciplines and Special Education Teachers, and yet have flexibility to consider the unique aspects of each discipline. Some of the data points may include, but are not limited to: Colorado and/or Metro Denver district trends for ratios, nationally recommended caseload ratios by discipline, direct service minutes, indirect service minutes, management of IEP/504s, number of initial evaluations and reevaluations, travel time in between schools when assigned to multiple locations, and other supports required to provide students with their necessary services [including a Free Appropriate Public Education (FAPE)]. The process and recommendations of workload benchmarks will be determined through a consensus process. If the ESS Collaborative Committee is unable to reach a consensus, the Executive Director of the Exceptional Student Services Office will consult with the Association prior to making the final decision.

8-15-3 The workload benchmarks in the ESS manual will be

used to inform resources allocated through the school budgeting processes, including measures for accountability, each spring for the upcoming school year, and will be complete in time to be implemented in the budget process for the 2023-2024 school year for Speech Language Pathologists, Occupational Therapists and Physical Therapists, and Psychologists and Social Workers. The ESS Collaborative Committee will then determine the appropriate timelines to ensure that workload benchmarks for all SSP disciplines and Special Education Teachers are represented in the ESS Manual by the end of the 2024-2025 school year.

8-15-4 The District and Association recognize the need for ongoing evaluation of these recommendations and the development of monitoring and evaluation processes. To that end, the ESS Collaborative Committee will meet annually for the next three years to review these guidelines and budget cycle allocations, and make necessary recommendations for changes, including changes available for appropriate determinations in response to any requests for workload review.

Article 9 - Central Office Educator Files

All educator permanent central office files shall be maintained under the following conditions:

- 9-1 All materials placed in the permanent central office file and originating within the District shall, upon request, be available to the educator for inspection in no more than seventy-two (72) hours. In cases where teachers express a pressing need to see their personnel file immediately, the District will make every effort to meet the educator's request. At the educator's request, anyone may be present in this review. If requested, educators may be provided copies of material contained in their central office file without cost.
- 9-2 Material originating within the District and which is disciplinary in nature or negative in regard to an educator's conduct, service, character or personality, shall not be placed in an educator's file unless the educator has had an opportunity to read the material and to sign the copy to be filed. Such a signature does not indicate agreement with the content of the material.
 - 9-2-1 If an educator is exonerated with respect to any of the matters cited above or is exonerated following the completion of an investigation during which the educator was placed on administrative leave with pay, all adverse entries in the educator's central personnel file related to that incident or issue will be removed.
 - 9-2-2 To the extent permitted by the Colorado Open Records Act, completed verbal or written reference checks for school-based and centrally hired educators who receive a contingent offer to fill a position, whether verbally or in writing,

shall be available to candidates upon request whether or not they are ultimately chosen for the position.

- 9-3 The educator shall have the right to answer any material filed and have the answer reviewed by the Executive Director of Talent (Human Resources), and attached to the file copy.
- 9-4 Written material sent to the central office by students or parents shall be sent to the principal for appropriate response and shall not be placed in the central file except pursuant to the provisions of this Article.
- 9-5 Upon written request by the educator, material contained in the central office file for more than three (3) years will be reviewed and eliminated, as long as such material does not interfere with the safety, physical, and mental health of children. The District shall have the exclusive responsibility to determine whether the material should be retained.
- 9-6 All written and printed material dealing with the processing of a grievance will be filed separately from the central office personnel files of the participants.
- 9-7 A log will be kept in the Office of Talent (Human Resources), which must be signed and dated by any person examining the file, except for central office personnel.
- 9-8 All materials contained in local school files kept by principals must be forwarded to the permanent central office file in accordance with the conditions of this Article before its use in any central office action that affects an educator's employment status, promotion, demotion, or dismissal.

- 10-2-15 "Eligibility Observation" is the first step in the Performance Improvement Process. The Evaluator conducts one Full Observation of 12 indicators and if, during which the Evaluator is required to score all the indicators on the LEAP Framework. If those scores meet the Eligibility Criteria, the Evaluator can move forward with the Data Gathering Period.
- 10-2-16 "Eligibility Criteria" are the scores from the Eligibility Observation that would permit an Evaluator to move forward with the Data Gathering Period.
- 10-2-17 "Data Gathering Period" is a period of time where data is gathered to determine if a Teacher will be placed on a Performance Improvement Plan.
- 10-2-18 "Peer Observers" are current or future teacher positions created by the District that provide support to Teachers through classroom observation and feedback during the Performance Improvement Process. All Peer Observers must be certified under the District's certification system to conduct observations.

- 10-2-20 “Targeted Plan Observation” is a Full Observation where only the indicators identified in the Performance Improvement Plan are scored as a method to monitor progress throughout the Plan.
- 10-2-21 “Full Observation” is an observation during which the evaluator is required to score all 12 indicators on the LEAP Framework.

Part 2: Annual LEAP Evaluations

- 10-3 The District is committed to recruiting, growing, and retaining effective teachers, closing opportunity gaps, and preparing all DPS students for college and careers. The Teacher growth and performance system is used to drive the growth and development of teachers as well as evaluate them against common expectations. The following procedures are intended to ensure that the Evaluation is growth-based, fair, reliable, and transparent.
- 10-3-1 Orientation: At the beginning of each school year, Teachers will receive a copy of the LEAP Handbook (hard copy or electronic), which will provide extensive details regarding the purpose and nature of the LEAP Evaluation process, the elements of the LEAP Evaluation, the procedures for conducting the LEAP Evaluation, and the responsibilities of the individuals involved.
- 10-3-2 Frequency of Evaluation and Procedures for Observations:
- 10-3-2-1 Teachers will be evaluated every year.
- 10-3-2-2 All Teachers shall receive a minimum of three Formal scored observations each year as defined and set forth in the LEAP Fairness Guide.
- 10-3-2-3 All Evaluators must complete bias and culturally responsive training and be certified under the District’s certification system to conduct observations before that Evaluator’s observation scores can be considered when calculating the Teacher’s LEAP End-of-Year rating. Such certification is intended to enable the Evaluator to fairly, professionally, and credibly evaluate Teachers.
- 10-3-2-4 Teachers not currently in the Performance Improvement Process will not receive a scored observation during the first two weeks of the school year.

- 10-3-2-5 Teachers not currently in the Performance Improvement Process will not receive more than one Formal Scored Observation during a school week.
- 10-3-2-6 For a Formal Scored Observation, the Evaluator will complete a form that includes both teacher and student evidence and the scores for the indicators that the Evaluator scored on the LEAP Framework.
- 10-3-2-7 Observations can take place at any point during a Teacher's instructional time. However, Evaluators cannot score an observation if the Evaluator determines that there was a significant disruption to the lesson time period (for example: testing of significant duration, guest speakers, fire drill).
- 10-3-2-8 After a Formal Scored Observation, the Teacher will not receive an additional scored observation until feedback on the prior Formal Scored Observation has been provided.
- 10-3-2-9 Any teacher may request a coaching cycle following a Formal Scored Observation on specific scored indicators as defined and set forth in the LEAP Fairness Guide.
- 10-3-3 LEAP End-of-Year Report: Every year, Teachers will receive an End-of-Year Report ("Report").
- 10-3-3-1 Consistent with state law, the Report shall:
- specifically identify when the classroom observations were conducted;
 - state the Teacher's strengths and areas for potential future growth;
 - include a plan and/or next steps for improvement;
 - identify the data used to support the overall rating; and
 - be signed by the evaluator. Beginning in the 2023-2024 school year, the evaluation will be signed by the evaluator and the evaluator's supervisor.
- 10-3-3-2 The Teacher is asked to electronically sign the Report. However, the Teacher can choose electronically to (i) acknowledge and

sign, (ii) select the option of “refusing to sign,” or (iii) not sign. Signature will not be construed to indicate agreement with the information or the conclusions in the final written evaluation.

10-3-3-3 The Evaluator will share a draft copy of the Report with the Teacher prior to the LEAP End-of-Year conference.

10-3-4 LEAP End-of-Year Conference:

10-3-4-1 Prior to the finalization of the LEAP Evaluation, the Evaluator will meet and discuss the LEAP End-of-Year Report with the Teacher at a LEAP End-of-Year conference. This conference is an opportunity for Teachers and Evaluators to do a final assessment of the data gathered regarding the Teacher’s progress and performance for the school year.

10-4 **LEAP/SSP GPS Fairness Guide:** In addition to the requirements set forth in this Article 10, LEAP and SSP GPS Evaluations shall follow the requirements set forth in their respective Fairness Guides.

10-4-1 The LEAP and SSP GPS Fairness Guide will be released each year and made available to teachers at the beginning of the year. It will provide a detailed description of the entire evaluation process and is intended to make the process transparent so that educators know what to expect for that year.

10-4-2 The District is committed to the continuous improvement of its growth and performance system for educators. Educators are encouraged to participate in any District’s survey regarding the LEAP and SSP GPS Evaluations in order to provide feedback on potential improvements to the process. The District will share the results regarding LEAP and SSP GPS with the LCC and SSP GPS collaborative committee, respectively.

10-4-3 Absent mutual agreement between the District and the Association, the LEAP Fairness Guide cannot change any of the requirements set forth in this Article 10.

10-4-4 A failure to follow any of the requirements in the LEAP and SSP GPS Fairness Guide is grievable up to Level 2, but not Level 3.

10-4-5 The LEAP Collaborative Committee and SSP GPS Collaborative Committee (“Committees”) will be responsible for reviewing and revising their respective Fairness Guide.

10-4-5-1 The Committees may designate a subcommittee

consisting of an equal number of DPS and DCTA representatives, to review and revise the Fairness Guide.

10-4-5-2 The Committees will provide a quorum for necessary revisions that need to be made to the Fairness Guide outside of the educator contract year.

PART 3: THE ADVISORY PERSONNEL PERFORMANCE EVALUATION COUNCIL

10-5 This District shall have an Advisory District Personnel Performance Evaluation Council (“the Council”).

10-5-1 The composition and selection of the Council membership will meet the minimum requirements of statute and these members shall be appointed by the Board.

10-5-2 The role of the Council is to conduct a continuous evaluation of the District’s Teacher evaluation system and to act as an advisory body to the Superintendent and the LEAP Collaboration Committee on ensuring the fairness, effectiveness, credibility, and professional quality of the District’s Teacher evaluation system.

PART 4: THE PERFORMANCE IMPROVEMENT PROCESS

10-6 **Performance Improvement Process.**

10-6-1 Overview of the Performance Improvement Process “the Process”: The Process begins with the Eligibility Observation. If, during the Eligibility Observation, the Teacher meets the Eligibility Criteria, the Evaluator can move forward with the Data Gathering Period. During the Data Gathering Period, the Evaluator gathers and reviews data in order to determine if the Teacher should be placed on a Performance Improvement Plan. As a part of this period, a Joint Observation with the Evaluator and a Peer Observer is conducted. If the Evaluator decides that significant performance concerns exist, the Evaluator can place the Teacher on a Performance Improvement Plan (“the Plan”). The Plan will set expectations for necessary growth and include the supports that will be provided to the Teacher during the Plan. During the Plan, which can last between 30 and 90 school days, the Teacher is observed by the Evaluator and the assigned Peer Observer and the designated supports are provided. At the conclusion of the Plan, the Evaluator determines whether the Teacher has met the expectations of the Plan and whether the Teacher should be recommended for retention or dismissal.

10-6-2 Data Gathering Period

10-6-2-1 A Teacher is eligible for the Data Gathering Period when an Evaluator conducts one Full Observation and the scores meet the Eligibility Criteria. Alternatively, a Teacher is eligible for the Data Gathering Period when the Teacher has received two consecutive Ineffective Ratings.

10-6-2-2 The Eligibility Criteria are set at:

The mean score from any of the expectations on the LEAP Framework is 2.5 or below (e.g. the mean of all the indicator scores in Masterful Content Delivery is 2.5 or below), and/or

A Teacher scores a Not Meeting (1 or 2) on three or more indicators on the LEAP Framework.

10-6-2-3 If the Eligibility Criteria are met, the Evaluator will notify the Teacher that the Teacher is being placed in the Data Gathering Period and that there is a *possibility* that the Teacher will be placed on a Performance Improvement Plan.

10-6-2-4 The District assigns a Peer Observer to participate in the Data Gathering Period.

10-6-2-5 The Evaluator and the Peer Observer conduct a Joint Observation of the Teacher's class.

10-6-2-6 After the Joint Observation, the Evaluator and Peer Observer will consult regarding the lesson observed and the Evaluator will consider the data of the Peer Observer.

10-6-3 Decision to Place Teacher on a Performance Improvement Plan

10-6-3-1 Before placing a Teacher on a Performance Improvement Plan, the Evaluator should consider a body of evidence to determine whether significant performance concerns exist. The extent and types of evidence considered in the body of evidence include the data from the Joint Observation and any of the following items:

- LEAP Framework scores from other observations completed;
- Student Perception Survey data;
- Disciplinary referrals data;
- Student Outcomes data;

- Data from the Professionalism domain of the LEAP Framework;
- Evidence provided by the Teacher to demonstrate effectiveness;
- Any other information that is relevant to the determination of whether significant performance concerns exist.

10-6-3-2 If the Evaluator determines that there is evidence of significant performance concerns, the Evaluator may place the Teacher on a Performance Improvement Plan. If the Evaluator is not the Principal, the Evaluator will make this decision in consultation with the Principal.

10-6-3-3 Professionalism Plan: The Evaluator can also place the Teacher on a Performance Improvement Plan for Professionalism if the Teacher received two Not Meeting indicator scores in the Professionalism Domain on the Teacher's LEAP End-of-Year Report or LEAP Mid-Year. Because the Professionalism indicators measure out-of-classroom work, a Professionalism Plan does not require classroom observations. If the Teacher still has two Not Meeting scores in the Professionalism Domain on the subsequent LEAP Mid-Year Evaluation or LEAP End-of-Year Report (whichever occurs first), the Evaluator can proceed to the steps outlined in Article 10-6-6.

10-6-4 Development of Performance Improvement Plan ("the Plan")

10-6-4-1 The Plan shall be developed by the Principal (or designee) in collaboration with the Peer Observer and the teacher.

10-6-5 Requirements of the Performance Improvement Plan

10-6-5-1 The Plan shall last a minimum of thirty (30) school days and a maximum of ninety (90) school days.

10-6-5-2 The Plan shall require a minimum of two Targeted Plan Observations by Evaluator(s) and two Targeted Plan Observations by the Peer Observer. All Targeted Plan Observations will be announced the Thursday prior to the observation week. After each observation during the Plan, the Evaluator or Peer Observer should provide the Teacher with feedback on the observation.

- 10-6-5-3 The Plan shall identify a minimum of three (3) and a maximum of five (5) LEAP Framework indicators that will be targeted for improvement during the Plan.
- 10-6-5-4 For each indicator identified, the Plan shall set expectations for improvement.
- 10-6-5-5 If the Teacher does not meet all the expectations of the Plan, the Teacher may be recommended for dismissal for unsatisfactory performance. The Plan shall inform the Teacher about this standard.
- 10-6-5-6 The Plan shall include the supports available to the Teacher during the Plan process. The supports can be provided by School Leaders, Peer Observers, Teacher Leaders, peers, or other appropriate resources.
- 10-6-5-7 The Teacher shall not be videoed as part of the evaluation process unless the Teacher consented.
- 10-6-5-8 If the Teacher goes on an extended leave during the period of the Plan, the days on the Plan completed prior to leave will be counted and the Plan will continue upon the return of the Teacher to active service.
- 10-6-5-9 If the Teacher received a Not Meeting rating on any Professionalism indicators in the LEAP End-of-Year Report or LEAP Mid-Year evaluation in the year prior to the initiation of the Plan, the Plan can include expectations regarding that Professionalism indicator.

10-6-6 Conclusion of the Performance Improvement Plan

- 10-6-6-1 At the conclusion of the initial period set for the Plan, the Evaluator shall decide whether or not the Plan will be extended.
- 10-6-6-2 The Evaluator may choose to extend the Plan, but the total duration of the Plan should not exceed ninety (90) total school days.
- 10-6-6-3 If the Plan is not extended, the Evaluator shall determine whether the Teacher has met the expectations of the Plan and whether the Teacher should be recommended for retention or dismissal. If the Evaluator is not the Principal, the Evaluator shall make this determination in consultation with the Principal.

10-6-6-4 The Evaluator will consider all evidence provided by the Teacher prior to the conclusion of the Plan.

10-6-6-5 The Teacher shall be provided with a final Performance Improvement Plan report.

10-6-6-6 The report will be presented to the Teacher. The Teacher, Peer Observer and the Evaluator shall sign the report. The Evaluator's supervisor should also sign the report.

10-6-6-7 If the Teacher is recommended for retention, the Teacher shall continue to be evaluated under LEAP and will receive a LEAP End-of-Year Report.

10-6-6-8 If the Teacher is recommended for dismissal, the Teacher shall still receive a LEAP End-of-Year Report if there is sufficient data to calculate a rating.

PART 5: REDRESS, GRIEVANCES, AND APPEALS

10-7 A failure to follow any procedure during the LEAP Evaluation can be addressed through a grievance.

10-7-1 Grievances regarding the LEAP Evaluation must be filed and processed in accordance with Article 7. However, the District shall ensure that such grievances are heard by an individual trained on LEAP.

10-8 The manner to seek review of a LEAP End-of-Year Rating is through the redress and/or appeals process.

10-9 **Redress.**

10-9-1 In accordance with procedures established by the District, a Teacher can access the redress process if:

- They believe there has been a computational error in the way the rating was determined; and/or
- They believe that the evaluator's assignment of the Professional Practice rating from a decision band was not reasonable in light of the body of evidence and that assignment had a material impact on the overall final rating; and/or
- They believe that the evaluator's assignment of a final rating within a decision box was not reasonable in light of the body of evidence.

- Both parties agree with the goal that decision bands and boxes will be removed from the evaluation process by the 2023-2024 school year.

10-9-2 Teachers will have the opportunity to engage in two levels of redress review.

10-9-2-1 Level One – The District will identify an individual trained in LEAP to oversee Level One of the redress review. The individual shall have prior experience with the District’s teacher growth and performance systems. The individual will receive annual training on LEAP and their role in the redress process. The individual will facilitate a conversation between the Teacher and the appropriate school leader(s) in an attempt to reach a mutually agreeable resolution. The individual will listen, ask questions, and review the evidence presented and will provide a recommendation and considerations on the outcome to the school leader.

10-9-2-2 Level Two – If the Teacher is not satisfied with the resolution at Level One, she/he may submit a request for review to the Chief Human Resources Officer (CHRO) or designee.

10-9-2-3 The current redress process shall be used until such a time that the LEAP Collaboration Committee establishes an alternate redress process.

10-10 **Appeal of a Second Consecutive Ineffective LEAP End-of-Year Rating.**

10-10-1 Timelines

10-10-1-1 The District will notify teachers at risk of loss of non-probationary status in September of every year and provide information about the process and resources available.

10-10-1-2 A Notice of Appeal must be filed within 15 calendar days following the last student contact day of the academic year in which the second Ineffective Rating was received by the Appellant.

10-10-1-3 All appeals must be concluded within 90 calendar days after the last student contact day of the academic year calendar in which the second Ineffective Rating is received. If the Appellant has requested DCTA assistance, no Panel hearing will be scheduled during the two weeks the DCTA offices are closed.

10-10-1-4 The timelines can be extended by mutual agreement of the District and the Teacher.

10-10-2 Grounds for Appeal: Pursuant to the State Board of Education rules at 1 CCR 301-87, the grounds for appeal shall be limited to the following:

10-10-2-1 The evaluator did not follow evaluation procedures that adhere to the requirements of statute or rule and that failure had a material impact on the second consecutive Ineffective Rating that was assigned (e.g. an observation was never completed).

10-10-2-2 The data relied on to determine the second consecutive Ineffective Rating was inaccurately attributed to the Teacher (e.g., data included in the evaluation was from students for whom the Teacher was not responsible).

10-10-3 Procedures

10-10-3-1 The Appellant or their chosen representative must file a timely Notice of Appeal with the appropriate office or department designated and published by the District. In order to support a transparent process, the Appellant may request the CHRO or designee to conduct a review of how the Appellant's LEAP score was calculated. The CHRO designee will meet with the Appellant to provide information on how the multiple measures come together to create the Appellant's LEAP rating.

10-10-3-2 The Notice of Appeal will contain all the written grounds for the Appeal.

10-10-3-3 The appropriate official or department designated by the District will convene the Appeals Hearing Panel and set the hearing date according to the terms of this Article.

10-10-3-4 The District and the Association shall develop appropriate timelines for when the following will occur:

10-10-3-4-1 The Appellant shall provide a copy of any evidence intended to support the Appeal prior to the hearing. The District shall make additional copies for panel members as needed.

10-10-3-4-2 The Appellant may request evidence from the District and the District shall provide the

requested evidence if, in the District's discretion, the request is reasonably related to a permitted ground for appeal.

10-10-3-4-4 Any documents and/or proceedings related to the appeal process shall not be disclosed to entities outside the District unless the District is required to do so by law.

10-10-3-5 Burden of Proof: The Appellant has the burden of demonstrating that an Effective Rating was appropriate.

10-10-3-6 The Appellant is allowed an advocate of their choice to represent him/her through the appeal process, such as a DCTA representative or DPS colleague. Attorneys shall not represent the Teacher or the District at the hearing.

10-10-3-7 The Appellant is allowed to provide evidence in the form of testimony by the Appellant, and/or other witnesses, documents, or other materials.

10-10-3-8 The District is allowed to provide evidence in the form of a District representative, witness testimony (e.g. Evaluator), and/or documents and other materials.

10-10-3-9 Any presentation to the Panel shall be limited to one hour for the Teacher and one hour for the District. Time may be extended at the discretion of a majority of the Panel members.

10-10-4 Panel

10-10-4-1 The Panel will be chosen from a list of up to 30 standing panel members. For the standing panel pool, up to 15 will be chosen by the Association and up to 15 chosen by the District; however, in the process of composing the final list, the Association may veto any panel member recommended by the District, and the District may veto any panel member recommended by the Association. To ensure the credibility of the Panel, Panel members shall have had an effective LEAP, LEAD, or LIFT evaluation the prior year and shall have prior teaching experience.

10-10-4-2 The Panel shall be composed of equal numbers of DCTA representatives and District representatives, with no more than six panel members total. The Association shall be responsible for selecting its members from the standing pool for each Panel

hearing and the District shall be responsible for selecting its members for each Panel hearing. A process shall be jointly developed to ensure continuity of the review panel members.

10-10-5 Results

10-10-5-1 Panel decision:

10-10-5-1-1 The Panel shall render its decision in writing.

10-10-5-1-2 In order for the Panel to recommend changing the second consecutive Ineffective Rating Effective, a majority of the members of the panel must agree based on a preponderance of the evidence that the Ineffective Rating was inaccurate. In that situation, the Appellant's rating will be deemed Effective and the Appellant will retain their non-probationary status.

10-10-5-1-3 If a majority of the Panel determines by a preponderance of the evidence that the rating should not be changed, the Teacher will be deemed probationary.

10-10-5-1-4 If the majority of the Panel decides that an Ineffective Rating was not accurate, but there is not sufficient information to assign a rating of Effective, the Teacher receives a "no score" and retains non-probationary status. However, if the following academic year that Teacher receives a second consecutive Ineffective Rating, the "no score" rating will have the consequence of a second consecutive Ineffective Rating and the Teacher will lose their non-probationary status. The Teacher retains the right to appeal the following year's rating.

10-10-5-1-5 A majority decision of the Panel shall be final and binding.

10-10-5-2 Superintendent and/or designee decision:

10-10-5-2-1 If the Panel is deadlocked on a decision, the Superintendent or designee shall serve as the tie-breaking vote. Each cluster of votes is expected to provide a summary of the rationale

informing their opinion for the Superintendent or designee's consideration.

10-10-5-2-2 If the Superintendent or designee decides that there is sufficient information to overturn the rating, the teacher receives a rating of Effective and retains non-probationary status.

10-10-5-2-3 If the Superintendent or designee decides that an Ineffective Rating was not accurate, but there is not sufficient information to assign a rating of Effective, the Teacher receives a "no score" and retains non-probationary status. However, if the following academic year that Teacher receives a second consecutive Ineffective Rating, the "no score" rating will have the consequence of a second consecutive Ineffective Rating and the Teacher will lose their non-probationary status. The Teacher retains the right to appeal the following year's rating.

10-10-5-2-4 If the Superintendent and/or designees confirm the rating, the Teacher will be deemed probationary.

10-10-5-2-5 The Superintendent and/or designee's decision will be final.

10-11-5 Decision Making. The LEAP and SSP GPS Committee shall have the ability to make changes to LEAP and SSP GPS by consensus. If consensus is not reached, the matter shall go to the Superintendent to decide. The Superintendent will review and consider any response by the Association prior to issuing a decision.

Article 11 - Complaints Against Teachers/Administrative Leave/Corrective Action

- 11-1 **Complaints Against Educators.** When a person makes a written or verbal complaint against an educator, the principal or designee shall promptly notify the educator of the complaint, the identity of the complainant, and the educator shall be given the opportunity to respond. The principal or designee shall investigate the complaint and attempt to resolve the complaint informally if appropriate.
 - 11-1-1 If appropriate, the principal or designee shall arrange a meeting with the complainant, the educator and the principal or designee in an attempt to resolve the situation.
 - 11-1-2 If any record of the complaint, or its formal or informal resolution, is placed in the educator's files, the educator shall have the right to file a written response within twenty (20) school days.
 - 11-1-3 Upon receiving a written or verbal concern of discrimination, harrassment, retaliation, including alleged violations of Title IX, the District Discrimination Prevention and Response Coordinator or their site level designee, may not immediately disclose the identity of the complainant until after the initial meeting with the Complainant and for the period of time necessary to implement supportive measures and ascertain next steps.
 - 11-1-3-1 Upon request, a complainant or respondent may have either a non-witness educator or representative from the Association (collectively "representative") present at an AC-R1 (DPR) investigative interview conducted by an investigator assigned by Office of Talent (Human Resources). Such a request must not unduly interfere with the investigator's ability to conduct a timely investigation. During questioning by the investigator, the representative may participate only to the extent of seeking clarification of questions. The investigator may remove a representative from an investigative interview if they are deemed to be interfering with the interview or engage in

disruptive behavior; where a representative is removed, the interview will continue without a representative present.

11-2 **Administrative Leave.** If a principal or designee decides to place an educator on administrative leave for the purpose of further investigation, the principal or designee shall meet with the educator to give specific allegation(s) and the basic reason why the administrative leave for investigation is necessary, when possible.

11-2-1 The meeting shall take place at the end of the school day or whenever it is appropriate.

11-2-2 The principal shall provide the educator a copy of the administrative leave checklist and review it with the teacher. The educator shall sign the form only as acknowledgement of receipt and be given a copy of it for informational reference.

11-2-3 At the teacher's request a meeting will be held within three (3) school days. The purpose of the meeting is to give the educator an opportunity to respond as to the purpose of the need for administrative leave. The educator may have Association representation at the meeting.

11-2-4 The investigation will be completed as expeditiously as possible. If an investigation must extend beyond seven (7) calendar days, or if the administrative leave must be extended, the educator and the Association will be notified by email after fourteen (14) calendar days from the Office of Talent (Human Resources) or designee the reasons for the extension and the expected date of completion of the investigation and/or leave.

11-2-4-1 If administrative leave extends beyond thirty (30) calendar days the educator may request a meeting. The educator shall request the meeting via email and the meeting will be held within three (3) school days. The purpose of the meeting is to share with the educator a status update of the investigation.

11-2-5 During the investigation, the educator placed on administrative leave will continue to receive full pay. All rules for active employees will continue to apply.

11-2-6 Following the completion of the investigation, the principal or designee shall meet with the educator to share the results of the investigation and to give the educator an opportunity to respond. The educator may have Association representation at the meeting. The principal or designee shall determine appropriate resolution of the matter.

11-2-7 Administrative leave should be considered as an option to be used only when necessary to protect the students or staff or to conduct an

appropriate investigation. Administrative leave is not a punitive action and there will be no record of the leave in an educator's personnel file.

11-2-8 The Agreement Review Committee (ARC) will review on an annual basis administrative leaves for the prior year to ensure that the above procedures have been implemented appropriately.

11-3 **Corrective Action**. Before taking a corrective action against an educator, the principal or designee shall investigate the situation, meet with the educator and give the educator an opportunity to respond.

11-3-1 If a principal or designee determines it may be necessary to take a corrective action, the principal shall inform the educator of their intent to consider potential corrective action measures and allow the educator the opportunity to have either another educator or representation from the Association present at this meeting.

11-3-2 The principal or designee shall follow the procedures established in the District document "Basic Fairness and Due Process, A Guide for Corrective Discipline."

11-3-3 Neither a letter of warning nor a letter of reprimand shall be issued, nor shall an educator be suspended without pay, except for just cause.

Article 12 - Instructional Materials

12-1 In order to provide the best possible educational program in each school, the District will endeavor to provide sufficient instructional materials and equipment to ensure that each pupil and teacher, including ELA-S teachers and special education teachers, will have access to them. Consistent with that goal, the District will work to provide appropriate core content materials for special education teachers comparable to what is used in mainstream classrooms. The District shall also provide, wherever available, grade- and subject-appropriate Spanish-language core content materials, comparable to the English-language content materials used in Mainstream English language classrooms, for ELLs who are taught in Spanish in ELA-S and dual language classes.

12-1-1 Prior to final preparation of budgets for materials and supplies, the CSC, in consultation with the teachers affected, will determine an equitable distribution of resources in the proposed budget. The final building budgets will reflect the priorities established by the CSC.

12-1-2 Each school will be allocated a revolving fund through their budget accounts to use for the purpose of instructional materials that are not otherwise readily obtainable by teachers.

- 12-2 The Association and the District support equal educational opportunity for all children in the Denver Public Schools. It is their mutual aim, through the careful selection of multi-ethnic instructional materials, to help students develop a sense of individual worth and respect for the worth of others, regardless of their ethnic or cultural backgrounds.
- 12-3 When the District convenes committees to review and adopt curriculum, teachers will always be part of the process. Additionally, the Association shall have the right to appoint one member to serve on District curriculum committees. The appointee must have expertise in the stated curriculum area.

Article 13 - Assignments, Schedules and Transfer

- 13-1 **General Principles.** Educator assignments, schedules and transfers will be made in the best interest of the educational program for the students and consistent with educator preparation, certification, licensure and experience. Every effort will be made to identify the District educational strategies, programs and leadership in a timely manner to maximize site-based planning, educator selection, assignments and transfers.
- 13-2 **Qualifications/Eligibility.** In order to be considered for a position, an educator must meet accreditation standards of the Colorado Department of Education and must meet all posted requirements for the position including the requirements set forth by the Every Student Succeeds Act.
- 13-3 **Tentative Programs.** Educators shall be notified of their tentative program, schedule, or grade level assignment for the ensuing semester or year as applicable, as soon as possible following preparation of the master schedule. In addition, they will be notified of changes in their tentative program, schedule, or grade level assignment, if any.
- 13-4 Educator scheduling shall be made without regard to race, creed, color, sexual orientation, national origin, gender/sex (including pregnancy, childbirth, and related medical conditions), gender identity, transgender status, intersex status, marital status, age, veteran status, and consistent with the provisions of the Americans with Disabilities Act, membership in any teacher organization or such other specified human or civil rights as may be protected by statute.
- 13-5 School schedules for each educator normally will include a variety of assignments. The District and the Association recognize that students who are not achieving to the level of ability need the expertise of experienced teachers as much as do students with high achievement levels.
- 13-6 Once a Performance Improvement Plan (PIP) is implemented, the educator may be transferred only with written consent of the evaluator, the educator, and the principal of the school to which transfer is sought.

13-7 **Timelines.** The Office of Talent (Human Resources) shall determine the start date of the open market staffing cycle as early as practicable after schools have submitted their staffing vacancies and needs. The timeline for the key dates and activities listed below will be communicated to the Association no later than January 31.

Key dates and activities:

- Teachers verify consideration group. (Article 13-10)
- Educator requests for Early Retirement Incentive, move to part-time/job share, and Extended Leave of Absence notice submitted. (Articles 13-10, 21, 23, 29-13)
- Recommendation for non-renewal of probationary teachers.
- In-Building Bidding and Reduction in Building Staff interviews conducted by Personnel Committees. (Articles 13-10)
- Assignment of unassigned non-probationary teachers. (Article 13-17)

13-8 **Personnel Committee.**

13-8-1 Each school shall establish a Personnel Committee to select candidates for vacancies and Reduction in Building Staff (RIBS) at the school building.

13-8-2 The Personnel Committee will be composed of the principal and three (3) teachers chosen by a vote of the faculty, and may have no more than two (2) parent(s) as member(s) appointed by the Collaborative School Committee.

13-8-3 Educator members will be chosen by the faculty. The Personnel Committee may have one (1) or more of the educator assignments filled, on a rotating basis, by (a) educator(s) in the grade, team, or department in which the vacancy exists. The Personnel Committee will determine whether more than one (1) Personnel Committee is necessary to meet the needs of the school.

13-8-4 The Personnel Committee will make decisions by consensus, if possible. If the Personnel Committee is unable to reach a decision by consensus, the principal shall make an impasse decision.

13-8-4-1 A consensus decision is either unanimous or a majority decision that the entire Committee (including the dissenters) will support.

13-8-4-2 The District in collaboration with the Association will establish and provide resources for training and effective functioning of the Personnel Committee.

13-8-5 The decision or results of the Personnel Committee shall not be grievable. The failure to comply with the procedure contained in this Article is subject to grievance.

13-8-6 In determining the most suitable candidate for a vacant position or reducing a member of the staff, the Personnel Committee shall consider the following criteria:

- instructional practices,
- classroom management,
- appropriateness of academic preparation,
- teaching experience in the subject areas of the assignment and/or grade level,
- participation in school activities beyond the classroom,
- appraisals and relevant information in the central personnel file,
- other criteria specific to the position as stated in the job posting,
- building level interview,
- references.

13-8-7 The Personnel Committee shall operate all year, with the exception that outside of the school year the principal shall make a good faith effort to assemble as many of the Personnel Committee members or alternates as may be available. During the assignment of unassigned non-probationary teachers, the principal will communicate with the Personnel Committee without the necessity of an interview process.

13-9 **Relocation, Changes in Program, and Opening of a New School.**

13-9-1 Relocation. When a school and/or school program is relocated from one site to another, currently assigned educators with contracts will maintain their assignment pursuant to the provisions of Article 13. They will not have to interview for their positions. If the relocation of a school or school program results in more staff than are necessary for that location, the reduction in building process and timeline in Article 13-10 will be used.

13-9-2 Changes in Program. The provisions of Article 13, which allow for the administrative transfer of staff due to a change in program, adopted by the Collaborative School Committee and affirmed by the Superintendent, will be appropriately followed.

13-9-3 Opening or Redesign of a School. When a new school is opened or redesigned, the principal shall make hiring decisions until the new

Personnel Committee becomes operational. After the principal has hired the first five educators, the principal shall get input from at least two educators on additional hiring decisions. The principal will follow the processes and standards set out in this Article.

13-10 Reduction in Building Staff (RIBS).

- 13-10-1 The Collaborative School Committee will charge the Personnel Committee with the task of conducting a Reduction in Building Staff upon receipt of information that reduced the number of DCTA bargaining unit assignments at a school, or when a Collaborative School Committee decides fewer DCTA bargaining unit assignments are needed in a department, grade level or ELA/specialty area. Procedures for centrally-assigned bargaining unit members are in Article 29.
- 13-10-2 Following a determination of staffing needs including all attrition (resignations, retirements, educator declaration of vacancies, and employees returning from leave) and declaration of consideration group, the Personnel Committee shall establish the group of educators to be considered for reduction. The determination of staffing needs should include identification of all educators who would volunteer to vacate a position.
- 13-10-3 The consideration group may be a grade level, department or specialty area. The consideration group shall be defined as narrowly as possible based on program needs. The Personnel Committee shall notify the affected consideration group as soon as possible. Educators will not be required to re-interview for their positions if they are not in an affected consideration group.
 - 13-10-3-1 For the purpose of establishing consideration groups, educators serving in more than one department, grade level or ELA/specialty area shall annually declare the department, grade level or ELA/specialty area in which they choose to be considered no later than the completion of the third week of school.
 - 13-10-3-2 Each educator may reside in only one consideration group.
 - 13-10-3-3 Excluding job share educators, contract educators who are assigned to a school less than full-time, shall be accorded the same transfer rights as other teachers in the consideration group.

13-10-4 Educators on approved leaves where their positions are being held in accordance with Article 21 shall be considered equally for the purpose of reduction.

13-10-5 The Personnel Committee shall establish and make available to all faculty members a written procedure that will be followed when determining the teacher(s) to be reduced from a building. In developing the procedures for Reduction in Building Staff, the Personnel Committee shall include the following:

- Educators in the consideration group may choose to vacate an assignment.
- Educators in the consideration group should be allowed to interview for any vacancy in the school that is posted through the in-building bidding process.
- All members of the consideration group must be interviewed by the Personnel Committee.
- If it is determined that a specific reduction is no longer necessary (at any time between the RIB and the conclusion of fall adjustment for the subsequent school year), the reduced teacher has the first right of refusal to his/her former position.

13-10-6 The Personnel Committee shall attempt to reach consensus on the candidate most suitable to be reduced. If the Personnel Committee is unable to reach consensus, the principal will decide which candidate will be reduced.

13-10-7 At the time of the reduction, impacted educators will be provided with notice of the obligation to secure a mutual consent assignment as well as information about the staffing process. Educators whose positions are reduced will have the option of participating in resume-writing workshops, interview training and/or other supports provided by the District. Any educator transferred during the school year by the District may be provided with up to two (2) days of non-pupil contact planning time in order to permit the transferred educator to make an orderly transition between the two (2) assignments.

13-10-8 Unassigned RIB'd teachers are expected to participate in the teacher staffing process.

13-10-9 Leaves/Job Share/Retirement. See related Articles 20, 22, 27-6.

13-10-10 Guaranteed interviews for reduced active non-probationary teachers, as required by state law, are offered through District-wide hiring fairs. DPS will consult with DCTA regarding the structure of any such hiring fairs.

Non-probationary teachers, including teachers who have been displaced as a result of school closure or redesign, who are not able to interview with two or more schools during the hiring fairs will contact DPS Department of Human Resources as soon as practicable for assistance in scheduling the two guaranteed interviews.

13-11 **School Redesign, Restart, and Closure.** The parties affirm that the action to redesign a school is due to structure and design reasons and is not a reflection on individual educator competency. The Association and the District enter into this Agreement to assure that a known and fair process is followed in the treatment of personnel in a school that has been designated for redesign, restart, or closure.

13-11-1 The parties agree the treatment of personnel at schools impacted by redesign to be as follows:

- a. Among the criteria that will be considered in hiring decisions will be familiarity with the school, students, parents and Community.
- b. All educators who have assignments at the school will have an opportunity to interview for vacant positions with the principal until a new Personnel Committee is elected.
- c. Educators who are not selected through this process defined in #b may apply for and be interviewed for positions during the open market staffing cycle.
- d. Educators who choose to leave the redesigned school, or who interview at the school but are not selected, will be invited to participate in the spring hiring fair and other opportunities available to unassigned educators. Non-probationary teachers who are not able to interview with two or more schools during the hiring fairs will contact DPS Department of Human Resources as soon as practicable for assistance in scheduling the two guaranteed interviews.
- e. The District and the Association will monitor this process to ensure adherence to this procedure.
- f. The District may require additional work outside the normal school day, time beyond the adopted school year, or activities attributable to the design of the new teaching and learning structure and programs at the school. Compensation for such time will be in accordance with the applicable provisions of this Agreement.

13-11-2 The parties agree that the treatment of personnel impacted by closure or restart will be as follows: At a minimum, educators who are reduced as a result of the restart or closure will be invited to participate in the District's spring hiring fair and other opportunities available to unassigned educators.

VOLUNTARY TRANSFERS

13-12 **Specialized Service Providers (SSPs)**. Specialized service providers, including nurses, social workers, psychologists, speech language pathologists, audiologists, occupational therapists, physical therapists, counselors, and any other specialty group, shall be transferred according to a written procedure made available to all affected employees, designed by their Department Leadership Team (DLT).

13-12-1 In the event that an SSP is reassigned during the school year, the SSP may be provided with up to two (2) working days of non-pupil contact planning time in order to permit the transferred SSP to make an orderly transition between the two assignments.

13-12-2 If an SSP is not assigned by the end of the traditional school year, the Office of Talent (Human Resources) or designee will notify them by the last day of the school year to discuss the status of the assignment.

13-13 **In-Building Bidding.**

13-13-1 The Department Chairs at the secondary level and grade level Chairs at the elementary level, in collaboration with the principal, will establish procedures whereby teachers may indicate assignment preferences. All such procedures shall emphasize the needs of students as the primary consideration for assignment. Teacher preferences may be established at grade level meetings, departmental meetings, or team meetings, as appropriate.

13-13-2 The Personnel Committee shall inform the faculty of any anticipated vacant positions. Once posted, the Personnel Committee may elect to interview current faculty prior to considering external candidates.

13-13-3 In determining whether to elect to interview current faculty prior to considering external candidates, the Personnel Committee will consider:

- its staffing needs, including the identification of all educators who will vacate their positions;
- Instructional practices;
- Classroom management;

- Appropriateness of academic preparation;
- Experience in the subject areas of the assignment;
- Other criteria specific to the expected vacancy.

13-13-4 Educators who agree to fill a different position within the same school for the next school year, through the in-building bidding procedure, forfeit their right to bid for and be assigned to a position listed on the District's Talent Acquisition system.

13-13-5 Job postings will reflect whether or not the Personnel Committee is considering in-building bidding.

13-14 **Posting Vacancies.**

13-14-1 The principal shall be responsible for notifying the Department of Human Resources of vacancies that are open at their school as soon as they are known.

13-14-2 Each vacancy shall be posted on the District's Talent Acquisition system.

13-14-3 The Personnel Committee shall write basic postings and detailed job descriptions for all vacancies that occur at their school.

13-14-4 The Personnel Committee shall write interview questions based on the posting. In order to ensure best practices and minimize any potential biases, the Personnel Committee's interview questions and processes must align with the best practices provided by the Department of Human Resources.

13-14-5 Postings shall include a brief description of all involved responsibilities, and special and unique qualifications.

13-14-6 Vacancies that occur as a result of an approved leave of absence shall be designated as an annual assignment placeholder.

13-14-7 Vacancies for Teacher on Special Assignment (TOSA) shall be posted when they become available.

13-14-8 Educators who successfully bid on a position during the open market staffing cycle are ineligible to bid on subsequent positions posted during the same calendar year.

13-15 **Applications.**

13-15-1 Educators applying for a vacancy in other schools must complete the appropriate application forms. Educators shall not be subject to retaliation by their current principal/designee for applying for other district vacancies.

13-15-2 Applications for vacancies may be submitted by any currently qualified candidate. The Office of Talent (Human Resources) shall screen all applications to ensure compliance with the state law and District requirements. The resumes and applications of all qualified candidates for a vacancy will be available to the school on the District's Talent Acquisition system.

13-16 Selection Procedure.

13-16-1 The Personnel Committee shall review all applications and determine how many and which applicants will be interviewed. When there are two or more applicants for a position, the Personnel Committee shall interview a minimum of two candidates.

13-16-2 Interviews shall be completed and a decision made no later than thirty (30) days after the vacancy is posted.

13-16-2-1 A transfer applicant who is interviewed by the Personnel Committee shall be notified by the Personnel Committee, principal or designee in a timely manner regarding the status of the position.

13-16-3 The Department of Human Resources will be notified no later than thirty (30) days after the vacancy is posted if no candidate is selected. The Association will receive this information upon request.

13-17 Unassigned Teachers and Limited Term Assignments.

13-17-1 A non-probationary teacher who has been displaced from a mutual consent position and has not secured a mutual consent assignment is an unassigned teacher. The teacher will be placed in a limited-term assignment for one year or two hiring cycles, whichever is longer, while he/she is attempting to secure a mutual consent assignment. The Department of Human Resources or designee will notify unassigned teachers when an appropriate limited term assignment has been confirmed, and will provide basic details of the assignment. The district shall make every effort to place an unassigned teacher in a position for which they are qualified and which may be available for mutual consent.

- 13-17-2 A simple form to be signed by the principal and the teacher will be available to notify HR of intent to convert a temporary teaching assignment into a mutual consent position at any time during the year.
- 13-17-3 A non-probationary teacher who is in a limited-term assignment and is attempting to secure a mutual consent assignment may apply for and accept positions throughout the year.
- 13-17-4 A non-probationary teacher who does not secure a mutual consent assignment within 12 months or two hiring cycles, whichever is longer, shall be placed on unpaid leave without benefits until such time as he or she secures a mutual consent assignment.
- 13-17-5 If a probationary teacher, who was reduced, does not secure a mutual consent assignment for the following school year before June 1, the teacher will be non-renewed.
- 13-17-6 Probationary teachers reduced during the fall adjustment process may be placed, at District discretion, into temporary instructional support positions for the remainder of the year. Their contract shall be honored for the remainder of the school year.

13-18 Reduction in Force

- 13-18-1 A reduction in force shall be defined as the cancellation of a teacher's employment contract during their contractual period when there is a justifiable decrease in the number of teaching positions. Such reduction shall be done in compliance with applicable law and in a manner that will maintain the best educational program as determined by the District.
- 13-18-2 If the District anticipates a reduction in force, the Chief of Talent or designee, prior to formal action, shall consult with the Association and provide information about the number of employment contracts necessitating cancellation and the reasons for the anticipated reduction.
- 13-18-3 A reduction in force will occur in the following manner:
1. Normal attrition shall precede any reduction in force of regularly assigned teachers.
 2. Teachers will be considered within an endorsement area by their most current LEAP end-of-year rating in the following order:
 - a. Not meeting;
 - b. Approaching;

- c. Effective;
- d. Distinguished.

Reduction will occur first to probationary teachers then non-probationary teachers within a LEAP end-of-year rating category in reverse order of being hired as a teacher.

If hiring dates are identical, the tie shall be eliminated using the following criteria in descending order:

- Teachers on limited term assignments who have not secured mutual consent.
- Lowest second most current LEAP end-of-year rating.
- Years of District experience in the endorsement area.
- Highest degree held.

13-18-4 In the event that reduction in force is necessary, the District shall provide thirty (30) calendar days written notice to the affected employee.

13-19 Consolidation of Schools

13-19-1 In the event of a consolidation of two or more schools, non-centrally based educators from the consolidating schools will have first rights to interview for posted positions in the new consolidated school(s) resulting from their school's consolidation for which they apply and are qualified.

13-19-2 Educators who applied and did not secure a mutual consent position in the first round of hiring will continue to have first rights to interview for new positions posted throughout the hiring cycles in grade level or content areas for which they have not previously applied and are qualified. Throughout the design process of the consolidated schools, the consolidated school will post new positions as they become available.

13-19-3 The consolidated school shall implement a Temporary Personnel Committee to select candidates for vacancies in the school building. The consolidated school's Temporary Personnel Committee will be composed of the principal and elected educators from all of the schools impacted by their school's consolidation process, in the following manner:

13-19-3-1 When two to three schools are being consolidated into one new school, two educators from each impacted school will be elected by the DCTA bargaining unit

members to serve on the Temporary Personnel Committee.

- 13-19-3-2 When four or more schools are being consolidated into one new school, one educator from each impacted school will be elected to serve on the Temporary Personnel Committee.
- 13-19-3-3 Elected members of the Temporary Personnel Committee will recuse themselves from the interviews pertaining to the position for which they apply.
- 13-19-3-4 The Temporary Personnel Committee will make decisions by consensus. A consensus decision is either unanimous or a majority decision that the entire committee (including dissenters) will support. If the Temporary Personnel Committee is unable to reach a decision by consensus, the principal shall make an impasse decision.
- 13-19-3-5 The decision or results of the Temporary Personnel Committee shall not be grievable. The failure to comply with the procedure contained in this section is subject to grievance.
- 13-19-3-6 After the Temporary Personnel Committee has hired fifty percent (50%) of the projected DCTA bargaining unit positions, that committee will be replaced by a Personnel Committee elected from the fifty percent (50%) of educators hired, consistent with the provisions of Article 13-8.

Article 14 - Summer School and Evening School

- 14-1 **Summer School and Evening School**. Summer and evening school programs shall be provided flexibility of design and implementation following the guidelines set forth below.
 - 14-1-1 **Staffing**. The purpose of all staffing procedures is to find the most suitable candidates for the teaching positions needed to run the summer school.
 - 14-1-1-1 Summer school teaching positions shall be posted.
 - 14-1-1-2 Postings shall include the following basic components: descriptions of any teaching position that may be included in the summer school, and an explanation of the selection process.

14-1-1-3 All teaching positions in summer school programs will be filled first by teachers currently in the District.

14-1-2 Compensation. Teachers will be paid for summer and evening work as provided in Article 28.

14-2 Teachers applying for positions in the evening school at Emily Griffith Opportunity School shall make written application directly to the Emily Griffith Opportunity School. They shall be notified of action on their application. Qualified teachers in the District shall be given priority for interviews for positions in the evening school, except for adult vocational education classes. Article 16 - Personal Injury Benefits and Property Damage

16-1 **Temporary Total Disability.**

16-1-1 Teachers are covered by the District's Workers' Compensation program.

16-1-1-1 Pursuant to the Colorado Workers' Compensation Act, educators who have been injured on the job, within the course and scope of their employment, and in the case of temporary total disability, will be paid Temporary Total Disability benefits. The District agrees to supplement Temporary Total Disability for up to four (4) months from their date of injury to the employee's full salary. Within the four (4) month period, educators will either be taken off of work by their authorized treating physician or released to modified duty. The District has a commitment to all their teachers to provide modified duty. In the case of temporary total disability of more than four (4) months, educators have the option to supplement their Temporary Total Disability with sick time that they have accrued. They will remain on Temporary Total Disability until released by the primary treating physician.

16-2 **Property Damage.**

16-2-1 The District shall assume no responsibility for damage to or loss of an employees' personal property with the following exception. In the event an employee was within the course and scope of employment on District premises and had clothing, wallet/purse, prescription eyeglasses, or personal electronic devices damaged, destroyed, or stolen as a result of mischief, vandalism, or other workplace hazard, the District shall reimburse the employee up to \$500.00 per incident. The District will not reimburse the employees for damage, destruction, or loss caused by the negligence (as defined by the insurance carrier) of the employee.

16-2-2 The District shall assume no responsibility for damage to employees' personal vehicles with the following exception. In the event an employee was within the course and scope of employment and had parked their personal vehicle on District premises, the District shall reimburse the employee for repair or replacement costs not to exceed \$500.00 per incident for damage to the vehicle sustained as the result of mischief or vandalism. The District will not reimburse employees for damage which resulted from the negligence (as defined by the insurance carrier) of the employee.

16-2-3 In order for the District to reimburse the educator for losses as outlined in this Article, the educator must file a claim by submitting both a written District property loss report and a police report, if applicable. The District can investigate any or all such claims of loss to ascertain applicability to this Article. The maximum dollar amount of claims that will be processed

for reimbursement for losses occurring during the term of this Agreement shall be Thirty Thousand Dollars (\$30,000.00). Completed claims will be reimbursed on a first come, first served basis.

This means that if a teacher/SSP is sued for an act or omission in the scope of their employment (e.g., for something that happened on the playground while the teacher was on duty), and the teacher was not acting “willfully or wantonly,” the District is required to provide the teacher/SSP with a lawyer to defend the claim free of charge to the teacher/SSP and to pay any settlements or judgments arising from the claim.

Article 17 - Assaults

17-1 Assaults Upon Educators.

17-1-1 Any educator who has suffered any assault in connection with the educator’s employment shall immediately make a written report of the circumstances thereof to the administrator in charge of the school or department. The assaulted educator may file a complaint with the appropriate law enforcement agency against the offender. The administrator shall make all reports required by state law. In addition, any educator who is assaulted must file a Workers’ Compensation report of injury with the District within twenty-four (24) hours.

17-1-2 The Board shall adopt, after consultation with appropriate individuals and groups, a safe school plan for handling situations involving potential assaults on staff by adults and/or students. The plan shall include any statutory requirements concerning assault upon, disorderly conduct toward, harassment of, and making false accusations directed toward any educator. This plan will be reviewed with the faculty by the principal at the beginning of each school year.

17-2 Educators Accused of Assault.

17-2-1 An educator accused of assault shall make written reports to the administrator in charge of the school or department, attaching copies of any summons, complaint, process, information, indictment, notice or demand served upon the educator in connection with such assault within five (5) days after the educator has been served therewith, and reporting the final disposition of any such proceeding.

17-2-2 Such reports will be forwarded to the District by the administrator and, in the event civil or criminal proceedings are brought against the educator,

the District will comply with any reasonable request by the educator for such information in the District's possession not privileged by law or policy of the District and which is determined to be relevant to the incident reported.

- 17-2-3 If criminal or civil proceedings are brought against an educator alleging that the educator committed an assault in connection with the educator's employment, such educator, after making the reports described in Article 17-2-1 above, may request District assistance in the preparation of the educator's defense. Upon receipt of such request, the District will instruct its attorney to consult with the educator's legal counsel and cooperate with such counsel in the preparation of the educator's defense, insofar as the interests of the educator and the District are not conflicting.

Article 18 - Student Discipline

Each school will develop a discipline plan that is consistent with the provisions of this Article and Board Policy JK and Board Policy JK-R and aligned to the District's commitment to restorative practices. Annually, the School Leadership Team (SLT) will collaborate with the principal on the design and implementation of a prevention, intervention and discipline plan. The principal shall submit the plan for review to the CSC and faculty at least annually to ensure its effectiveness. The plan will be presented to educators and staff prior to the first student contact day. Each school shall continue to have flexibility to review and make changes as necessary throughout the school year.

- 18-1 The prevention, intervention, and discipline plan shall include:
1. Restorative practices with meaningful training and support for teachers made available.
 2. Identified Tier 1, Tier 2, and Tier 3 support components.
 3. Descriptions of roles and responsibilities of different staff members in enacting the plan.
- 18-2 In order to meet the unique needs of the school, the prevention, intervention, and discipline plan may include, but is not limited to:
1. Social-emotional training and equity support practices common at the school with training made available as needed. This could include referring to resources provided by the Exceptional Student Service Office.
 2. A designated "behavior specialist" if the school has a high degree of behavioral needs
 3. An advisement period that includes social-emotional training for students.
 4. A full-time staff member, or teacher leader, designated for training restorative support

- 18-3 The parties recognize that a classroom free of disruption is essential for learning. When an educator judges it necessary to protect the instructional process, they may remove a disruptive student from class and refer the student to the administrator in charge or the administrator's designee. As soon as possible the educator or school principal or designee will contact the parent or legal guardian and request a conference regarding the removal.
- 18-4 A Student Support Plan may be developed at this time, but must be developed after the second removal of the student from the class. The plan should be consistent with the building discipline plan. Conditions under which students will be returned to class after the first or second removal, including the time period which should expire before the student is returned, shall be part of the behavior plan if developed. Development of the plan is the responsibility of the school leadership after consulting with the educator(s) and parent(s)/legal guardian(s). The student will not be returned to class until a conference has been held with the educator, principal or designee and student.
- 18-5 Upon the third removal (with the exception of students with an active IEP), the student may be removed, consistent with the Board policy on student discipline, from the educator's class for the remainder of the term. Whether the student will be in place in a different education setting, suspended or expelled, will be in accordance with Board policy and IDEA regulations.
- 18-5-1 In the discipline plan, which will be reviewed annually, the CSC will incorporate the requirements of C.R.S. 22-32-109.1 and Board policy concerning assault, disorderly conduct toward, harassment of, and making knowingly a false accusation of child abuse against an educator.
- 18-5-2 In implementing the discipline plan an educator shall be protected from civil or criminal liability as provided by C.R.S. 22-32-109.1(9).
- 18-5-3 If a principal has evidence that an educator is referring an excessive number of students for disciplinary reasons, the principal shall review the classroom practices with the educator and try to determine if a more preventive approach is possible through change in practice, or if the educator would benefit from staff development. However, this concern shall not be utilized as a reason for returning a student to class who has been excluded by the educator without the conference referred to above.
- 18-6 The Denver Public Schools believes that proper student conduct, reinforced by an effective prevention, intervention and discipline support plan, is essential to create and maintain a positive school climate necessary for learning. Denver Public Schools acknowledges the important role of an effective discipline plan and culturally-responsive restorative practices. In order to ensure the respect and safety of educators, the District and the Denver Classroom Teachers Association acknowledge educators rights relative to student discipline and the District set forth

certain educators rights in Board of Education policy. The discipline policy (JK and JK-R) was established in consultation with the Denver Classroom Teachers Association and any amendments or alterations of the policy will include collaboration from the Denver Classroom Teachers Association.

The calculation of the amount of sick leave that is eligible shall be made after any conversions from personal leave to sick leave have occurred. Conversions from personal leave to sick leave will occur no later than July 1.
- b. The conversion value shall be at the daily substitute teacher's rate as defined in the contract.
- c. The dollar limit on conversion for any educator shall be 3/181 times his/her annual base salary.
- d. There is an overall limit on conversions equal to the 2002-03 base year expenditures for substitute teachers minus the expenditures for the year in question. Both expenditures from the substitute teacher pool and for substitutes paid from the Long-Term Leave pool shall be counted. The calculation shall include an adjustment to the base year for changes in the rate of substitute teacher pay subsequent to the base year.

- e. In the event that educator requests for sick leave conversions exceed the limit in (d) above, the requests for conversion shall be prorated. Educators will get a share of the available days proportional to their share of the requested days.
- f. Educators shall file a request with the benefits office for conversion on or before June 1 or the end of school whichever is later of each year. The benefits office shall obtain the overall expenditure limit from the budget office and allocate amounts to each request in accord with the provisions above. The payments shall be made in the August paycheck. Educators may elect to redirect the payment into a 403(b), a 457, or other approved plans subject to the rules of those plans.

20-2-3-4 Within six months of ratification of this Agreement, the Association and District shall convene a joint committee with membership from multiple employee groups to explore creating paid parental leave. The committee shall report its recommendations not later than one year after the ratification of the Agreement.

- 22-2 Educators will be notified of placement during the educator staffing process.

Article 23 - Professional Behavior

- 23-1 Educators are expected to comply with rules, regulations, and directions adopted by the Board or its representatives which are not inconsistent with the express provisions of this Agreement, except that an educator may refuse to carry out an order which reasonably threatens the educator's physical safety.

- 23-2 Educators are expected to use appropriate channels of communication for comments, suggestions, grievances and other professional matters. Such channels include normal administrative channels, the grievance procedure, CSC, teacher organization representatives, and negotiations. No reprisals may be taken against educators, CSC, SLT and Personnel Committee members due to the exercise of the responsibilities of these positions.

- 23-3 The District affirms the principles that educators have the full rights and responsibilities of citizenship and that an educator's private life and activities are not an appropriate concern of the District, except to the extent that they detract from the effective accomplishment of the educator's professional duties or are grounds for dismissal under Colorado statutes.
- 23-3-1 Educators have the right, except as otherwise provided by law, to engage in political activity, to campaign on behalf of candidates for public office, and to themselves seek, campaign for, and hold public office. However, these activities must be conducted outside school hours and must not interfere with the effective accomplishment of the educator's professional duties.
- 23-4 The District and the Association affirm that diverse perspectives are part of a democratic society. All employees are expected to act in accordance with the values of the District. All employees are encouraged to identify and respond to microaggressions, dilemmas regarding ethics, integrity and or equity through difficult conversations which may not be comfortable. Discussions amongst employees are appropriate, valued, and serve as a tool to counter implicit bias.
- 23-5 The Board, educators, and administrators encourage one another to exemplify the highest standards of personal and professional excellence and to become outstanding role models for all students.
- 23-6 Every educator and administrator is expected to exhibit sensitivity to ethnic-minority persons and to promote the success of students from multicultural/multi-ethnic backgrounds.
- 23-7 Every educator and administrator is expected to treat all members of the school community with dignity and respect regardless of sexual orientation, gender identity, or transgender status. - 23-8 Any alleged abuses of principal authority in the Personnel Committee or SLT process shall be reported to the Association or Instructional Superintendent or designee. The Association and Instructional Superintendent or designee will review and address these allegations.

Article 24 - Controversial Issues in the Classroom

- 24-1 Controversial issues are defined as those problems, subjects, or questions about which there are significant differences of opinion, for which there are no easy resolutions, and discussions of which generally create strong feelings among people.

- 24-1-1 Although there may be disagreements over what the facts are and what they mean, subjects usually become controversial issues because of differences in the values people use in applying the facts.
- 24-1-2 Controversy is inherent in the democratic way of life. It is essential therefore, that the study and discussion of controversial issues have an important place in education for citizenship in a free society. Students develop into free citizens with informed loyalty to democracy only through the process of examining evidence, facts, and differing viewpoints; through the exercise of freedom of thought and moral choice; and through the making of responsible decisions. These procedures are characteristic of, and essential to, a free society.
- 24-2 Educators have the right and responsibility to teach about controversial issues.
- 24-2-1 Educators have the responsibility to select issues for study and discussion which contribute to the attainment of course objectives, and to make available to students materials concerning the various aspects of the issues.
- 24-2-2 Educators have the obligation to be as objective as possible and to present the several sides of an issue fairly.
- 24-2-3 Although educators have the right to express their own viewpoints and opinions, they do not have the right to unduly influence or indoctrinate students to their own views.
- 24-3 Students have the right and need, under competent guidance and instruction, to study issues appropriate to their interests, experiences and abilities. They must have access to relevant information, and they have the obligation to examine carefully all sides of an issue. Students have the right to form and express their own opinions without jeopardizing their positions in the classroom or in the school.
- 24-4 **Academic Freedom.**
- 24-4-1 The parties seek to educate young people in the democratic tradition, to foster a recognition of individual freedom and social responsibility, to inspire meaningful awareness of the respect for the Constitution.
- 24-4-2 Freedom of individual conscience, association and expression will be encouraged, and fairness in procedures will be observed both to safeguard the legitimate interests of the schools and to exhibit by appropriate examples the basic objectives of a democratic society as set forth in the Constitutions of the United States and of the State of Colorado.

24-4-3 The final responsibility in the determination of the above rests by law with the Board.

Article 25 - Substitute Teachers

25-1 **Adequate Numbers of Substitute Teachers.** The District agrees to maintain a list of qualified persons sufficient to serve as substitutes for regular teachers who may be absent on any given work day. The District will continue to work toward increasing its fill rate for substitutes in order to protect teachers' planning time and decrease the requirements for teachers to cover other classrooms. Principals should endeavor to respect reasonable requests from teachers when they cannot cover a classroom or assignment on a particular day. If, however, no other alternative is available and the teacher must cover the class or assignment, the principal will work with the teacher to address the challenge created by the assignment. Retired teachers from DPS may request to be placed on the list of substitutes.

Article 26 - Benefits Allowance and Benefits Programs

26-1 **Benefits Allowance.** The District shall provide an HMO plan option for at least the first three years of this Agreement. The District shall provide educators with a benefits allowance as a part of their total compensation package, consistent with the conditions in 26-1-1. The purpose of the benefits allowance is to provide educators with a portion of total compensation that can be used to purchase benefits choices selected by the Benefits Board and contracted for by the Board of Education. The long-term goal of the District and the Association is to provide educators with a benefits allowance that plays a significant role in enhancing the District's competitive position in attracting and retaining educators.

26-1-1 The District shall provide all educators based on FTE on a prorated basis with a benefits allowance of \$422.17 per month. Educators working less than full time will receive the benefits allowance prorated by their full time equivalency (FTE). Effective July 1, 2018 all new employees to the bargaining unit must purchase one of the District's major medical plans in order to be eligible to receive a benefits allowance. Any savings resulting from this change to the benefits allowance structure that starts in 2018 will be applied to reduce future health insurance and other benefit costs. Using these savings, beginning with the benefits year starting July 1, 2018, the District will decrease the premiums for Employee Plus Children and Family coverage by at least \$1200 annually (\$100/month) on top of the \$750 a year (\$62.50/month) that the District is currently subsidizing these premiums. Therefore, the total subsidy for these plans will be at least \$1950 annually. Educators may find per paycheck medical rates [here](#).

26-2 **Governance and Administration of Benefits Programs.** A Benefits Board will administer and govern the group health and life insurance programs, disability

insurance programs, tax sheltered annuities, flexible-spending accounts, and guidelines for using the benefits allowance.

Days paid out shall not exceed the work year. Educator's seeking a Sick Leave Payout Estimate may utilize the [Sick Leave Payout Calculator](#). The calculator is for informative purposes only.

27-3-3 Payment Options. Upon retirement, educators may choose one of four options for payment of their compensation for unused sick leave, subject to provisions of the IRS code:

- Single sum payment;
- Payment in equal thirds over a three year consecutive period beginning with the first year of retirement;
- Deferring the unused sick leave payout into a 403(b) plan, 401(k) plan or other approved plan;
- Placement of the unused sick leave amount into a 503(c)(9) trust to subsidize future health insurance costs for the employee.

27-3-3-1 The District and the Association shall coordinate efforts to communicate information with respect to payment options to educators.

27-3-3-2 Simple Trust. By January 1, 2004, the District and the Association shall establish a Simple Trust for the purpose of holding jointly managed fund contributions. The fund will operate as a trust fund and the interest will be available for teachers to further their education, consistent with District objectives. The guidelines for application and awarding scholarships will be developed by a joint committee with equal representation from the Association and appointments by the Superintendent, and the guidelines will be sent to the Superintendent for final approval.

27-4-1 Educators will only be reimbursed for courses relevant to the District's educational mission, including preparation and/or assessments associated with meeting the standards of a highly qualified teacher under No Child Left Behind. The committee will include in its guidelines standards of relevancy for reimbursement.

27-5-3 The District agrees to add educators to its automobile liability insurance coverage when these educators are required to transport students as part of the course and scope of employment. The District will add these educators by job description or name. Proof of underlying insurance is required from each authorized educator at the level of One Hundred Thousand Dollars (\$100,000)/person, Three Hundred Thousand Dollars (\$300,000)/occurrence and Fifty Thousand Dollars (\$50,000)/property. Each authorized teacher will receive a thirty-dollar (\$30.00) stipend per month in addition to mileage.

Article 29 – Specialized Service Providers and Whole Child Supports

The District and the Association recognize the valuable contribution that Specialized Service Providers (SSPs) bring to our schools and to improving student achievement. Therefore, the Board and the Association are committed to providing schools with multidisciplinary teams, workloads, and staffing ratios that lead the Denver metropolitan area and support evidence-based practices for all student services.

29-1 Whole Child Supports

29-1-1 The District and the Association also affirm their commitment to the education of the “Whole Child.” It is understood by both parties that the social and emotional growth of our students is of critical importance to

achieving the success of our students, in the classroom and in life, and that the Whole Child must be considered in every regard. Toward that end, the 2016 Whole Child Mill Levy dollars will be used to support the socially and emotionally intelligent component of the Whole Child definition.

29-1-2 Whole Child Mill Levy dollars can be used by schools to add School Social Workers, School Psychologists, School Nurses, or Restorative Practices Coordinators, to expand mental health services, evidence-based social emotional learning curriculum and instruction, programs focused on building a school climate that fosters positive social-emotional outcomes, or a combination of these varying types of support.

29-1-3 The District and the Association will jointly convene a Whole Child Task Force charged with determining and documenting best practices in:

- usage of Whole Child Mill Levy funds,
- school schedules that provide appropriate access to physical activity and electives,
- social and emotional learning and
- mental and physical health and nutrition
- equitable access to technology
- providing family life and sexual education classes

The Whole Child Task Force will annually determine areas of focus for the year, objectives and meeting cadence at the beginning of each school year. The Whole Child Task Force will report regularly to the DCTA president and Superintendent on their progress and recommendations on possible changes to Board Policy and/or District practice.

The Task Force shall be comprised of 15 members: Five (5) appointed by the District, five (5) appointed by the Association, and five (5) members of the community jointly appointed by the Association and the District.

29-2-2-1 Centrally-based SSPs:

29-2-2-1-1 The department head selects an interview panel that will consist of a minimum of one department supervisor and one individual endorsed in the area of reduction but who is not impacted by the reduction.

29-2-2-1-2 The interview panel will agree upon interview criteria that will enable them to retain the best candidates for the available positions.

29-2-2-1-3 The interview panel will attempt to reach consensus on the candidate most suitable to be reduced. If the interview panel is unable to reach consensus, the department head will decide which candidate(s) will be reduced.

29-2-2-2 School-based SSPs: This process is the same as the process followed for educators under Article 13 of the Agreement.

29-2-2-3 SSPs who are reduced will be notified that they should apply for new positions in the District. If an SSP is not hired into a new position prior to the conclusion of the current position, the SSP will not be continued into the subsequent school year, but will be immediately eligible for rehire. Reduced school-based SSPs who apply for centrally-based SSP positions prior to the conclusion of their current position will be given two guaranteed interviews for centrally-based SSP positions in which they apply and are qualified.

Article 30 - Innovation

Part 1: Innovation Plan Application Process

30-1 Notice to DCTA

30-1-1 Within five (5) business days after the School Leadership Team (or equivalent governing body if Article 5-5 was waived in the case of renewal), school administrators, or Collaborative School Committee determines that its mission, vision, and values would be supported by the flexibilities provided by innovation status, the School Leadership Team (or equivalent governing body) or District staff shall send written notification to DCTA by emailing the DCTA president at DCTAPresident@Coloradoea.org of its intent to apply for innovation status or renew its Innovation Plan.

30-2 Innovation Plan Development

30-2-1 Innovation Plan Applications shall address the requirements of the Innovation Schools Act listed in C.R.S §22-32.5-104, district policy, and this article. The Innovation Plan Application will identify flexibilities that a school seeks to implement, rationale for flexibilities, the collective bargaining agreement waivers associated with these flexibilities (if any), applicable replacement language, and the impact of these flexibilities to members of the collective bargaining agreement.

30-2-2 In guiding the development of an Innovation Plan application, the principal will collaborate with the School Leadership Team (or equivalent governing body) and other stakeholders to identify (1) “innovations,” or new approaches that intended to increase the school’s ability to achieve its mission, and (2) the specific waivers from district policy, DCTA collective bargaining agreement provisions, and/or state/laws and regulations that are required to give the school the ability to implement the innovations.

30-2-3 The School Leadership Team (or equivalent governing body) will identify, in a consensus model, engagement strategies on how DCTA covered employees at the school can participate in the development of the Innovation Plan. If the equivalent governing body is unable to reach a decision by consensus, the principal shall make a final decision. Possible strategies include inviting teachers to information meetings, hosting forums to discuss opinions, conducting a survey of all educators, submitting anonymous questions to be answered by the School Leadership Team (or equivalent governing body) and/or hosting co-facilitated meetings with DCTA.

30-2-4 The DCTA School Association Representative will be designated as the liaison between the School Leadership Team (or equivalent governing body) and DCTA to solicit and receive ongoing feedback on the

development of the innovation plan. If the school does not have a DCTA School Association Representative, DCTA will appoint a DCTA covered employee employed at the school to serve as the liaison. If the equivalent governing body does not include a DCTA School Association Representative, the DCTA School Association Representative will attend the equivalent governing body's meeting for agenda items related to the Innovation Plan Application.

30-3 Election Procedure

30-3-1 Consent of the Innovation Plan Application shall be based on obtaining the approval, by means of a secret ballot vote, of a majority of teachers employed at the school. If DCTA collective bargaining agreement waivers are included in the Innovation Plan, consent of the Innovation Plan Application shall be based on obtaining the approval, by means of a secret ballot vote, of sixty percent (60%) of members of the collective bargaining agreement at the school.

30-3-2 The Office of Talent (Human Resources) will share with the school an "Eligible Voting List" of all bargaining unit members assigned to the affected school(s). The SLT or equivalent governing body will confirm and indicate the number of ballots needed to obtain consent of a majority of teachers employed at the school (60% of DCTA covered employees if collective bargaining agreement waivers are included in the Innovation Plan).

30-3-3 The school shall provide a written copy of the final draft Innovation Plan and eligible voting list to DCTA and every DCTA covered employee at the affected school(s) at least ten (10) work days prior to the beginning of any secret ballot election period. Prior to the secret ballot election period, the final draft Innovation Plan shall be posted on the school's website. If there are material changes to the final draft of the Innovation Plan during the ten (10) work day window, the ten (10) work day timeline will start over and the updated final draft Innovation Plan will be sent to the staff and posted on the website. A secret ballot election period shall extend two (2) work days to allow bargaining unit members to cast their ballot.

30-3-4 Provision will be made for members of the collective bargaining agreement who are out on leave or itinerant teachers during the election period to cast a secret ballot.

30-3-5 Ballots shall be prepared by the School Leadership Team (or equivalent governing body) at least fourteen (14) calendar days prior to the secret ballot election period.

- 30-3-6 The School Leadership Team will designate election administrator(s) (1-2 people) that are not in the DCTA bargaining unit and are not in a supervisory role at the school.
- 30-3-7 The election administrator(s) shall distribute ballots during the election period.
- 30-3-8 A ballot box/envelope should be used to protect voter privacy.
- 30-3-9 Bargaining Unit members shall sign the Eligible Voting List to indicate they have submitted their ballot.
- 30-3-10 The election administrators will be responsible for counting the cast ballots, and ensuring that the number of ballots submitted matches the number of signatures on the Eligible Voting List following the close of the election period.
- 30-3-11 Ballots will be counted at a time and location conducive for all voting members, where DCTA representatives, District staff, school staff and other interested parties can observe the counting.

30-4 Progress Monitoring

- 30-4-1 Each year the SLT or the (equivalent governing body) will gather and evaluate data to determine the progress of the Innovation Plan and waivers towards the goals identified in the innovation plan.
- 30-4-2 The results of the progress monitoring will be shared annually by the principal with DCTA covered employees at the Innovation School and posted on the school website.

30-5 Hiring into Innovation Schools

- 30-5-1 Candidates interviewing for DCTA covered positions within innovation schools or in innovation zones shall be provided with a copy of the innovation plan inclusive of waivers to the collective bargaining agreement and innovation plan replacement language.
- 30-5-2 Job postings for DCTA covered positions in innovation schools or innovation zones must include a notification that the school is an innovation school. Notifications will state: NOTICE TO APPLICANTS: THIS VACANCY IS AT A SCHOOL DESIGNATED AS AN "INNOVATION SCHOOL." FOR MORE INFORMATION, PLEASE CONTACT THE SCHOOL AND/OR DCTA.

30-5-3 This article is designed to be consistent with the general purpose and principles outlined in the Innovation Schools Act, as well as consistent with federal and state statutes/regulations, CDE Guidelines, and Board Policies.

Part 2: Innovation Probationary Status

Context

30-6 District-run innovation schools may, upon the majority vote of their faculty, adopt an innovation plan that waives statutory requirements, including the legal requirements related to probationary and non-probationary status.

30-7 When a teacher with non-probationary status transfers from a traditional school to an innovation school which does not recognize non-probationary status the District's practice is and has been to place the teacher's non-probationary status in "the bubble." If the teacher subsequently transfers to a traditional school or an innovation school that recognizes non-probationary status, the teacher's non-probationary status is removed from the bubble.

30-8 Critically, while a probationary teacher is working for an innovation school, that teacher cannot gain non-probationary status – regardless of the number of consecutive years of effective ratings they receive. Similarly, while a non-probationary teacher is working for an innovation school, that teacher cannot lose non-probationary status – regardless of the number of consecutive years of less than effective ratings.

Continued Recognition of Innovation Plans

30-9 The District will continue to honor the innovation plans upon which staff voted, including but not limited to innovation plans which include statutory waivers of TECDA related to non-probationary status.

Tracking Years of Effective Ratings

30-10 The District will begin tracking consecutive years of effective and less than effective ratings for teachers who work at innovation schools that do not recognize non-probationary status.

30-11 As described in Article 10-2 of the Agreement. "Effective Rating" means an overall LEAP End-of-Year Rating of Distinguished or Effective. "Ineffective Rating" means an overall LEAP End-of-Year Rating of Not Meeting or Approaching.

30-12 A teacher who works for an innovation school that does not recognize non-probationary status who subsequently transfers to a traditional school or an

innovation school that does recognize non-probationary status will be credited with any consecutive years of effective or less than effective ratings they received at their previous school(s). For example: A probationary teacher who receives 2 consecutive years of effective ratings at an innovation school who then transfers to a traditional school, will be credited with 2 consecutive years of effective ratings and need receive only 1 more consecutive year of effective ratings to gain non-probationary status.

Obtaining Non-Probationary Status

- 30-13 Consistent with C.R.S 22-63-203, all probationary teachers, including those working for an innovation school that does not recognize non-probationary status, can gain non-probationary status by receiving three (3) consecutive years of effective ratings.
- 30-14 In cases where a probationary teacher earns non-probationary status while working for an innovation school that does not recognize non-probationary status, the teacher shall have that status placed in the bubble. If the teacher subsequently transfers to a traditional school or an innovation school that recognizes non-probationary status, the teacher's non-probationary status is removed from the bubble.

Losing Non-Probationary Status

- 30-15 Consistent with State Board of Education rules at 1 CCR 301-87 and Article 10-10 of the DCTA/DPS Agreement, all non-probationary teachers, including those working for an innovation school that does not recognize non-probationary status, can lose non-probationary status by receiving two (2) consecutive years of less than effective ratings.
- 30-16 In cases where a non-probationary teacher loses non-probationary status while working for an innovation school that does not recognize non-probationary status, their non-probationary status shall be removed even though it was previously placed in the bubble. If the teacher subsequently transfers to a traditional school or an innovation school that recognizes non-probationary status, the teacher shall have probationary status. Nothing prevents this teacher from earning non-probationary status again based on three (3) subsequent and consecutive years of effective ratings and having said status be placed in the bubble.
- 30-17 The teacher shall be entitled the rights and privileges under the law and the Agreement to contest the loss of non-probationary status.

Retroactivity

- 30-18 The modification to District practices, described in paragraphs 30-13 through 30-17, will apply retroactively. This means that teachers who received three (3)

consecutive years of effective ratings will be given credit for those years beginning the 22-23 SY. To properly implement this system, the Office of Talent (Human Resources) will track consecutive years of effective and less than effective ratings for innovation teachers from the 17-18 SY through the current school year.

One Year Safe Harbor

- 30-19 At the conclusion of the 21-22 SY, immediately before this modification to District practice goes into effect, the District anticipates that a large number of probationary teachers who work at innovation schools that do not recognize non-probationary status will receive a third consecutive effective rating which would cause them to gain non-probationary status. The District also anticipates that a small number of non-probationary teachers who work at innovation schools that do not recognize non-probationary status will receive a second less than effective rating which would cause them to lose non-probationary status.
- 30-19 For non-probationary teachers who work at innovation schools that do not recognize non-probationary status who receive a second less than effective rating for the 21-22 SY only, the District shall provide a one year safe harbor. Teachers subject to this safe harbor provision shall not lose their non-probationary status following the 21-22 SY and shall retain non-probationary status for the 22-23 SY. However, if a teacher subject to this safe harbor provision receives a less than effective rating for the 22-23 SY, their non-probationary status shall be lost, consistent with State Board of Education rules at 1 CCR 301-87 and Article 10-10 of the DCTA/DPS Agreement. This Safe Harbor provision does not limit the rights of the district to take other personnel actions based on a teacher's ratings.
- 30-20 Beginning the 23-24 SY, there shall be no safe harbor provision and all teachers will be subject to the same rules for obtaining and losing non-probationary status.

Article 31 - Equity in the School District

- 31-1 The District and Association agree to establish a collaborative committee with equal representation of DPS and DCTA. The committee will engage in collaborative conversations in an effort to create alignment and cohesion that advances racial and educational equity in DPS. 31-2-2-1 Existing educators as of September 1, 2022 are required to complete Modules 1 through 9 of the Equity Experience by the end of the 2023-2024 school year.

31-3 School Resources

31-3-1 The District agrees to implement the following with respect to District policies:

- The District will endeavor to develop rich learning opportunities that accurately include and celebrate the contributions and historical relevance of communities of color and historically marginalized communities.
- Bilingual educators shall not be required to serve as translators for the school community in lieu of services provided by the Multicultural Communications Department.

Article 32 - Balarat Outdoor Education Teachers

With the inclusion of educators that are employed at Balarat Outdoor Education in the Collective Bargaining Agreement, it is important to recognize the unique differences that exist between Balarat educators and classroom educators and Special Services Providers that are governed by the Collective Bargaining Agreement.

32-1 Except as expressly set forth in this article, the terms and conditions of the Collective Bargaining Agreement shall apply to Balarat Educators.

32-2 Balarat Collaborative. Balarat Outdoor Education should have a Balarat Collaborative, which shall make decisions using the process outlined in Article 5-5-2, with the exception that if consensus cannot be reached, the matter shall be referred to the Balarat Regulatory Cabinet, comprised of the Balarat managers, and/or the Balarat Regulatory Cabinet direct report who shall consult with the Association prior to making a decision. The Balarat Collaborative will be composed of managers, educators and facilitators. Educators and facilitators can vote after one year of employment at Balarat. The responsibilities of the Balarat Collaborative shall be the same as those of the School Leadership Team as described in Article 5-5-3.

32-3 Personnel Committee.

32-3-1 The Balarat Outdoor Education program/staff shall establish a Personnel Committee to select candidates for DCTA vacancies at the program.

32-3-2 The Personnel Committee will be composed of at least one member of the Regulatory Cabinet and any educator. Not less than one (1) member of the Regulatory Cabinet and two (2) Balarat Educators shall constitute a quorum to make decisions during the school year. Notification will be given to all members of the Personnel Committee of the dates, times, and places of its meeting.

- 32-3-3 The Personnel Committee will make decisions by consensus, if possible. If the Personnel Committee is unable to reach a decision by consensus, the Balarat Regulatory Cabinet shall make an impasse decision.
- 32-3-4 The decision or results of the Personnel Committee shall not be grievable. The failure to comply with the procedure in this article is subject to grievance.

- 32-7 Evening Meetings. As part of their responsibilities, Balarat Educators may be required to host evening parent informational meetings at DPS school sites in advance of student residential programs. As such, Balarat Educators will be allowed to flex their schedule that planning day to remain within the forty (40) hour work week.

32-9-1 Concerns regarding non-teaching duties should be referred to the Balarat Collaborative. The Balarat Collaborative will be responsible for reviewing non-teaching duties as needed.

32-9-2 These duties shall not reduce self-directed planning time as guaranteed in other sections of the Collective Bargaining Agreement.

32-10 Evaluation. Rather than using the LEAP Framework System, Balarat Educators will be evaluated by their managers using the DPS Teacher on Special Assignment (“TOSA”) evaluation protocols on an annual basis. The TOSA Evaluation Form shall be the official record of the Balarat Educators’ annual evaluations.

32-11 Overnight Teaching Responsibilities. As a major portion of their teaching duties, Balarat Educators are required to work overnight on the Balarat site for the duration of student residential programs. Generally each Balarat Educator will be scheduled to work overnight for one (1) or two (2) nights per week throughout the normal school year. While student groups are on-site, the Balarat Educator assigned to each group shall be required to stay and be on duty for the duration of the time that those students are on-site. In the instance that a Balarat Educator must leave the site for any reason during a student program, they must get approval from a Balarat program manager.

32-11-1 The following particulars relating to overnight work are agreed to:

- Sleeping Accommodations. Balarat Educators shall be provided with a solo sleeping room in the Balarat dormitories to use while working overnight on residential excursions.
- Transportation of Students. Article 8-13 is amended as follows: Occasionally a Balarat Educator may be asked to transport an injured or ill student from the Balarat site to a nearby location in order to meet the student’s parent or school staff, such as to Jamestown or Boulder. Consistent with Article 23-1, a teacher may be asked to transport a student exhibiting behavior that could cause harm to self or others or displaying unlawful behavior (e.g. drugs/alcohol). This transportation will be coordinated in accordance with protocols established by the Balarat Collaborative. The protocol

will include that two adults shall assist in transporting students when there are enough adults to provide the appropriate level of supervision for all students.

- Personal Vehicle on site. Balarat Educators shall maintain access to their personal vehicles on site during excursions and professional developments. Because of this requirement, pursuant to Article 27-5 the Lead Balarat Educator or designee shall be reimbursed for travel between the Denver-based Balarat Office location and the Balarat mountain site, and any required Balarat mountain site travel at the standard IRS mileage rate for the use of their automobile.
- Emergency School District Closures. Article 8-11 is amended as follows: When weather conditions require closing of the district, there are occasions when Balarat Educators must remain on duty at Balarat when students are on site and the conditions prevent safe transportation of the students back to their schools. In the case that a Balarat Educator must remain at work during a district weather closure day, the Balarat Collaborative shall determine the appropriate manner of compensation for up to eight (8) hours of duty time per closure day. Options to include: comp time or paid time per the negotiated teacher hourly rate in Article 28 in addition to the teacher's salary.

32-12 Compensation for overnight duty. Balarat Educators shall accrue the equivalent of four (4.0) hours of compensatory time for each night spent on duty during a student residential program. The Balarat Collaborative shall create a rotating weekly instructional schedule that adequately supports this compensatory time for Balarat Educators so that this comp time can be utilized on a regularly scheduled basis throughout the duration of the standard school year.

Article 33 - Junior Reserve Officer Training Corps (JROTC) Instructors

33-1 Except as expressly set forth in this Article, the terms and conditions of the Collective Bargaining Agreement shall apply to JROTC Instructors covered by this agreement.

33-2 Hiring and licensing. JROTC Instructors must be retired members of the armed forces. For Denver Public Schools, all the JROTC programs are Army programs and therefore all Denver JROTC instructors must be retired Army personnel. A retired member of the Army must apply and be certified by U.S. Army Headquarters, Cadet Command prior to applying for a JROTC position. This procedure includes an application process and an interview by a trained and certified interviewer. The application and interview are evaluated at Cadet Command and if the candidate is considered to have the attributes required of a JROTC instructor, they are provided a document of certification. Once an individual

is certified, they may apply to any JROTC opening nationwide. The School Board is the true hiring official. Once a position is offered, the individual applies to the Colorado Department of Education (CDE) for either a License or Authorization.

33-3 Compensation.

33-3-1 Minimum Instructor Pay: The salary of the JROTC instructors is unique and has some key differences from the salary schedule agreed to by DPS and DCTA. The JROTC instructor salary is determined by Cadet Command for each instructor based on their rank, years in service and retired pay. The Army informs the District each year what this salary is and the Army reimburses DPS in accordance with AR-145-2. As part of the Minimum Pay Pay calculated every year, JROTC instructors will receive the Army Cost of Living Adjustment (COLA) and not the DPS COLA. This combination of Army pay and District pay is called Minimum Instructor Pay or MIP. Salary for DPS JROTC Instructors is calculated at the beginning of the contract year utilizing MIP effective at the beginning of the DPS contract year and is effective until the next DPS contract year.

33-3-2 Increase for Successful Evaluation: Each year for the remainder of the DCTA Financial Agreement, the District will calculate and pay an increase to the instructors commensurate with the difference between the annual percentile increase of the MIP and the average negotiated Step and COLA increase for teachers following each successful annual evaluation as identified in Article 37-2-1.

33-4 ProComp Incentives:

33-4-1 JROTC Instructors shall be eligible for all incentives under Article 37-4 of the DCTA/DPS Agreement.

33-4-2 Because JROTC instructors are not placed on the steps-and-lanes schedule in Article 37, lane movement is not possible. Therefore, JROTC instructors shall be eligible for the \$2,000 longevity base increase as described in Article 37-3-1.

33-4-3 JROTC instructors are also eligible to receive one \$2,000 base increase for attaining a qualifying advanced degree.

33-4-4 JROTC Instructors shall receive a \$2,000 base increase for completion of 18 PDU credits. The \$2,000 PDU base increase can only be earned twice in a career. JROTC instructors not eligible for a PDU base increase shall receive \$1,000 in non- base building pay for each PDU. JROTC instructors

may complete up to two (2) PDUs per year.

- 33-4-5 During SY 2022-2023, the Implementation Team or its sub-committee will review the PDU guidelines to identify guidelines that better align with the requirements and developments of JROTC instruction qualifications. The Implementation Team will approve these guidelines by consensus. If consensus is not reached, the matter shall go to the JROTC Program Supervisor for decision.
- 33-4-5 JROTC instructors that facilitate PDUs will be paid a flat \$1500 stipend per PDU.
- 33-4-6 JROTC instructors will receive a benefit allowance and other benefits at the same level as all other DCTA covered employees receive.
- 33-5 Work Year. JROTC Instructors may be hired for a minimum contract period of 10 and up to 12 months. The work year for JROTC Instructors includes the regular school calendar year plus additional days as designated by the DAI (Director of Army Instruction).
 - 33-5-1 Effective SY 2022-2023, JROTC Instructors on a 10-month contract as of August 1, 2022 will transition to a 11-month contract.
 - 33-5-2 In the event the Department of Army notifies the District of necessary reductions to funding levels available to support the JROTC Program, the District may change the JROTC Instructors upcoming work year provided written notice is given ninety (90) days prior to the end of the current work year. In these situations, the JROTC Instructor's total compensation will be changed commensurate with the new work year. The revised contract year will begin following the completion of the JROTC Instructor's current contract year.
- 33-6 Instructor Evaluations. At a minimum, JROTC Instructors are required to be evaluated on an annual basis. Instructors nationwide have an appraisal form that incorporates school district officials and military officials. Annual evaluations for JROTC Instructors will be completed using the DPS JROTC Instructor Annual Performance Appraisal Form (DPS-214-R). For purposes of this Article, the term(s) "rater," "intermediate rater," or "senior rater" means evaluator. The appraisal form used for instructors provides for an evaluation of all their aspects, school district and military.

33-6-1 Army Instructors (AI) shall be rated by their Senior Army Instructors (SAI), intermediate rated by the principal (or designee), and Senior rated by the DAI.

33-6-2 Senior Army Instructors shall be rated by the DAI, intermediate rated by the principal (or designee), and senior rated by the current DPS JROTC Supervisor.

33-6-3 A successful evaluation, for District purposes only and for purposes of compensation increases described above, shall be defined as an overall score of Approaching or above.

33-6-4 The senior rater may not change the comments or scores of the rater or intermediate rater. The senior rater's overall score will be supported by the quantitative and/or qualitative information.

33-7 Misconduct/Performance

33-7-1 Cases of instructor misconduct or poor performance may be addressed through Army regulations or DPS policies - depending on the circumstances. In these cases, the DAI will determine which course of action will best address the issue. Matters subject to Army regulations and policies will be addressed in accordance with AR 145-2, CCR 145-2 or other applicable regulatory guidelines. Matters not subject to Army regulations and policies will be addressed in accordance with Board policies, the collective bargaining agreement, and other applicable district procedures.

33-7-2 The term "grievance" under Article 7 shall not apply to alleged violations, misinterpretation, or inequitable application of applicable Army Regulations or to any matter as to which the method of review is prescribed by Army Regulation.

33-8 Decertification/Dismissal

33-8-1 If the US Army decertifies the instructor or withdraws approval for the instructor, the instructor's employment with the District shall be immediately and automatically terminated. Decertification of a JROTC Instructor, for any reason, by the U.S. The Department of Defense is not

subject to Article 7 or other dismissal rights under this agreement. Refer to AR 145-2.

33-8-2 A JROTC Instructor recommended for dismissal for violations of District policies as they relate to instructor conduct, behavior, and performance is entitled to a hearing consistent with the procedures provided in Administrative Policy GDQD and GDQD-R.

Article 34 - Associate Teachers

- 34-1 Associate Teachers shall be teachers in their first year of employment with the District who perform teaching responsibilities for at least 50% of the workday and participate in teacher development activities, as assigned by the Associate Teacher's supervisor the remaining time.
- 34-2 Associate Teachers shall be placed on the Associate Teacher salary schedule according to the lane associated with their degree level.

- 34-8 Associate Teachers will be subject to contract non-renewal unless they obtain a mutual consent teaching position for the school year following their Associate Teaching year.
- 34-9 Associate Teachers who obtain a mutual-consent teaching position for the school year following their Associate Teaching year will be placed on the applicable step and lane on the salary schedule based on years of experience

and education as outlined in the Parties' collective bargaining agreement.

34-10 The Parties agree that there will be a cap of twenty-five Associate Teachers each school year throughout the district.

Regular scheduled rate per day is the ESLI's salary divided by the number of days in the contract year.

35-3 Non-ESLI Duties.

35-3-1 In each classroom, the teacher is responsible for establishing and enforcing behavioral procedures. The teacher will provide ESLIs with the ability to maintain neutral, professional boundaries by not requiring direct correction of students' behavior or provide physical support with toileting or diapering.

35-5 Educational Interpreter Leadership Team:

35-5-1 ESLIs shall have an Educational Interpreter Leadership Team (EILT), which shall make decisions using the process outlined in Article 5-5-2, with the exception that if consensus cannot be reached, the matter shall be referred to the Senior Manager of Special Services who shall consult with the Association prior to making a decision. The EILT will consist of the Low Incidence Disability Department Manager, at least one ESLI Team Lead, and at least two other ESLIs elected annually by a majority of the ESLIs voting by secret ballot.

35-7-2 The Personnel Committee shall operate all year, with the exception that outside of the work year the Low Incidence Disability Manager shall make a good faith effort to assemble as many of the Personnel Committee members or alternates as may be available.

35-7-3 The Personnel Committee will make decisions by consensus, if possible. If the Personnel Committee is unable to reach a decision by consensus, the Low Incidence Disability Manager or their designee will make a decision.

35-7-4 The decisions or results of the Personnel Committee shall not be grievable. The failure to comply with the procedure contained in this article is subject to grievance.

35-8 Reductions

35-8-1 The interview panel will attempt to reach consensus on the candidate most suitable to be reduced. If the interview panel is unable to reach consensus, the department manager will decide which candidate(s) will be reduced.

35-8-2 The decisions or results of the interview panel shall not be grievable. The failure to comply with the procedure contained in this article is subject to grievance.

37-1-1 For new employees, a maximum of ten years of experience will be credited.

New employees hired after August 1, 2019 to present into assignments identified as hard-to-fill by the Implementation Team will be credited a maximum of twelve (12) years of experience.

If new employees hired into assignments identified as hard-to-fill by the Implementation Team were granted up to ten (10) years of experience at hire between 2019 and 2022, they may be eligible for an additional two (2) years of credit. It is the employee’s responsibility to initiate a request with supporting documentation with the Office of Talent (Human Resources) by the end of school year 2022-2023 for eligibility for additional credit due to the change of cap experience for hard-to-fill positions. Retroactive payments for additional credits will not be provided additional service.

37-1-2 SSPs that require a Masters of less than fifty-four (54) credits will be placed in the MA lane. An SSP whose position requires a Masters of fifty-four (54) or more credits will be placed in the MA+18 lane.

37-1-3 Beginning August 1, 2022, the District will use the ProComp Trust Fund balance to cover the transition costs for CTE ProTech Instructors and ESLI educators will move to their new respective Salary Schedule. The funds for transition costs will ensure:

37-1-3-1 Current CTE ProTech Instructors will be placed on the DCTA CTE ProTech Instructor Salary Schedule which will reflect the DCTA Salary Schedule according to their current years of service, longevity, and the lane for which they are eligible.

37-1-3-1-1 All CTE ProTech Instructors without a Bachelors degree, and that meet the Colorado Department of Education CTE Authorization instructor criteria will be placed on the BA/CDE Authorization lane on the salary schedule.

37-1-3-2 ESLI educators shall be placed on the DCTA ESLI Salary Schedule which will reflect the BA and BA+18 columns of the DCTA Salary Schedule. The ESLI Salary Schedule will have two lanes: BA and BA+36/Masters. ESLI educators will be placed on the new salary schedule consistent with their exact step on the former salary schedule.

37-1-3-2-1 ESLI educators hired on or after August 01, 2022 with five (5) or less years of experience will be placed on Step 1 of the new salary schedule. ESLI educators with six (6) to ten (10) years of experience will be placed on Step 2 of the new salary schedule.

37-2 Vertical Movement down the Salary Schedule.

37-2-1 Professional Evaluation Step. Effective August 1 of each year, an Educator is eligible to advance one step, consistent with the Salary Schedule, if they receive an approaching or better rating on their end-of-year evaluation rating in the previous year.

37-3 **Horizontal Movement across the Salary Schedule.**

37-3-1 Longevity. Ten years of service in the DCTA bargaining unit (i.e. classified as an Educator, TOSA, Peer Observer, JROTC, CTE, and ESLI) within the last fifteen years (“Longevity”) equals one lane change with a cap at Lane MA+54. If an Educator is in MA+54 or the Doctorate lane and not able to use the Longevity lane change, the Educator will receive a base increase of \$2,000. Longevity can only be used for lane movement or the \$2,000 base increase once in a career. It is calculated as one lane movement to the right of the lane that corresponds to the educator’s education/credit accrual.

Example: An Educator comes to DPS and is placed in the BA+36/MA lane because they have a Masters; they then get their National Board certification and move to the MA+18 lane (one lane to the right of her education/credit accrual level); then they earn Longevity and move to the MA+36 lane; then they earn 18 credits (PDU and/or post-college), they move to the MA+54 lane because their education level is MA+18 and they have two qualifying lane changes through the National Board and Longevity.

37-3-2 Advanced License/National Board. Obtaining an Advanced License or National Board Certification equals one lane change with a cap at Lane MA+54. If an Educator is in the MA+54 or Doctorate lanes, they will receive a base increase of \$2,000. A lane change based on an Advanced License/National Board or the \$2,000 base increase can only be earned once in a career. It is calculated as one lane movement to the right of the lane that corresponds to the educator’s education/credit accrual. See example above in 30-3-1.

37-3-3 Professional Development Units, Equity Experience Credit, ELA Credit, and University Credits.

37-3-3-1 Credits for salary advancement may be obtained from:

- University credits, which must come from a regionally accredited university or college program earned post-BA in a birth through twenty-one (21) content or focus area. University credits must have been completed after the Educator’s most recent and highest degree was conferred.
- Professional Development Units (“PDUs”).
- District-sponsored PDUs provided by external providers.
- Continuing Education Units (“CEUs”) approved by District in accordance with professional affiliations/associations for PDU credits. The Implementation Team will approve the guidelines for CEU-based PDU credits.
- Participants in required DPS ELA courses will earn DPS credit and/or graduate credit that can be used for lane movement. DPS credit (15 contact hours is the equivalent of 1 credit) is

available for all ELA required classes; university credit (paid for by DPS) is available for certain courses. Participants cannot earn both DPS credit and university credit for the same class. Educators can begin acquiring DPS credit starting in the spring semester of the 2018-19 school year for ELA classes completed.

- Educators who complete required Modules 1 through 9 of the Equity Experience will earn the equivalent of two (2) credits towards lane movement.
- Salary advancement may consist of a combination of post-BA university credits as well as DPS credits. College or university credit must be from a DPS approved institution of higher learning and applicable to the employee's current or future teaching/role or related educational field.

37-3-3-2 Movement earned through credit (university or PDU) past the BA+36/MA lane requires a Masters. Movement into the Doctorate lane requires a Doctorate.

37-3-3-3 Professional Development Units.

37-3-3-3-1 A PDU is differentiated, action research learning with application to practice designed to support teachers and SSPs to improve or acquire skills focused on topics of student need, including closing the opportunity gap.

37-3-3-3-2 PDUs have three components – Study, Demonstration, and Reflection, with a course of study of at least 30 hours for two credits or 45 hours for three credits. The approved PDU proposal will document how the time will be allocated based on the PDU guidelines.

37-3-3-3-3 As documented in the approved PDU proposal, the 30 or 45 hours will include:

- Time in instruction and/or participation in a learning cohort outside the school day
- Time to read and study; and
- Time to reflect and apply learnings.

37-3-3-3-4 The author of the PDU proposal will determine and map out the allocation of the 30 or 45 hours.

37-3-3-3-5 Participants will not need to submit additional

documentation of their hours of work; the approved PDU completion will be adequate to apply for the lane change.

- 37-3-3-3-6 As with a college course, participants will earn the three credits upon facilitator acknowledgment of completion.
- 37-3-3-3-7 Some courses of study might be offered for a PDU or university credit. In these cases, participants need to choose either the PDU or the university credit, not both.
- 37-3-3-3-8 Educators can complete up to six PDU credits per year.
- 37-3-3-3-9 All applications for PDUs must be submitted according to established guidelines. The Implementation Team will approve the guidelines by consensus.
- 37-3-3-3-10 PDUs will be approved and managed by designated district leader on professional development.
- 37-3-3-3-11 Employees who are not eligible to move a lane receive a \$1000 payment for every three (3) credit or \$667 for every two (2) credit PDU earned (BA+36 without a Masters, MA+54, and Doctorate). Only employees who are not eligible to move a lane as of September 01, 2022 will be eligible to receive a \$667 payment for completing the equivalent two (2) credit Equity Experience course. (BA+36 without a Masters, MA+54, and Doctorate) Employees that work less than full time will receive the full payment of a completed PDU.
- 37-3-3-3-12 Educators that design and facilitate a 3 credit PDU will be paid a flat \$2,000 stipend per PDU or can receive a reduced stipend of \$1,500 with a PDU credit option. Educators that facilitate a previously designed 3 credit PDU, or a PDU designed by another, will be paid a \$1,500 stipend or can receive a reduced stipend of \$1,000 with a PDU credit option.
- 37-3-3-3-13 Educators that design and facilitate a 2 credit PDU will be paid a \$1500 stipend per PDU or can receive a reduced stipend of \$1000 with a PDU credit option. Educators that facilitate a previously designed 2 credit PDU, or a PDU designed by another, will be paid a \$1000 stipend or can receive a reduced stipend of \$750

with a PDU credit option.

37-3-3-14 Educators that Lead or Design a PDU session can take a 1 credit PDU Design and Leadership Course (15hrs)

37-3-3-15 Required professional development will follow this Agreement and is not eligible for PDUs, with the exception of district required ELA courses discussed above.

37-3-4 It is the employee's responsibility to initiate a request for horizontal increases in salary due to additional hours of training credit. Credit submitted and resulting in horizontal movement will be effective no later than 30 days following submission and approval of the official transcript.

The Implementation Team will review and approve any substantive changes to these guidelines. The Implementation Team has the authority to increase the career maximum amount if the budget of the Trust supports the expansion.

37-5 Governance, Oversight, and Evaluation of the Professional Compensation System for Teachers.

37-5-1 The District and Association shall maintain a trust fund (hereafter referred to as “the Trust”) created by the passage of a mill levy override election and such other monies as may be earmarked, including interest earned on the principal for the purpose of funding the Professional Compensation System for Educators. This Trust shall ensure the financial stability over time of the funds of the Trust and the enactment of the ballot language approved by the voters in the mill levy override election. The Board of Directors of the Trust (hereafter referred to as the Trust Board) shall have the fiduciary responsibility to ensure the financial stability over time of the funds of the Trust and the enactment of the ballot language approved by the voters in the mill levy override

Should the Trust Board at any time determine that the funds have not been spent on the Professional Compensation System for Educators, or according to the terms and conditions of this Agreement or in a manner in keeping with the ballot language approved by the voters in the mill levy override election, then the Board has the duty to stop transmitting the funds of the Trust to the District.

37-5-1-2 **Composition.** The Trust Board shall be composed of three representatives appointed by the Association President, three representatives of the District, and two representatives of the community appointed by the agreement of the other six members of the Trust Board. 2022-2025 FINANCIAL AGREEMENT

2022-2023 Financial Agreement

1. Effective August 1, 2022, the District will apply a 6% cost-of-living adjustment (COLA) to the Teacher/SSP Salary Schedule.
2. Effective August 1, 2022, the eligible educators will receive a step increase and educators will be eligible to receive a lane increase.

2023-2024 and 2024-2025 Financial Agreement

1. The Cost of Living Adjustment (COLA) increase applied to the teacher/ssp salary schedule will be equal to the Denver-Aurora-Lakewood Consumer Price Index (CPI) used in the calculation of the School Finance Act less the cost of the calculated percentage of the step and lane increase so long as the per student increase in state funding to Denver Public Schools is at least equal to the Denver-Aurora-Lakewood Consumer Price Index (CPI): (COLA=CPI MINUS STEPS).
2. Should the absolute value of the Budget Stabilization Factor be decreased by an amount that produces revenue to Denver Public Schools for the support of DPS managed students in excess of the calculated costs of Steps and Lanes, then compensation adjustment for teachers will be steps, lanes, and COLA equal to the full CPI adjustment to the School Finance funding formula. Should the Budget Stabilization Factor in for the school year 2023-24 decrease by enough to cover the full cost of steps lanes and full COLA in both 2023-24 and 2024-25, and that level of Budget Stabilization is maintained in 2024-25, the full COLA will be applied to the salary schedule in 2024-25. Should the state reduce funding to DPS and other school districts through an increase in the absolute value of the Budget Stabilization Factor or by other methods, the district may reopen the financial agreement effective August 1, for the subsequent school years 2023-24 and 2024-25, eligible employees will receive a step increase for the school year, and employees will be eligible to receive a lane increase (estimated to be 2.7% but will be calculated based on actual expense).
3. During each year, if the full COLA is not credited after the BS Factor buy down, returning teachers will receive a one-time payment of \$1,000.
4. Educators whose base salary is higher than the maximum step of their respective lane will be eligible to receive the difference between any base pay increase and the COLA as a one-time, non-based building stipend until the salary schedule catches up with them.
